DARLING NAVA OUTREACH COORDINATOR

| LYDIG
—

BNBuilders

CITY OF TUKWILA FIRE STATION

| LYDIG

BNBuilders

CITY OF TUKWILA JUSTICE CENTER

12 TECHNICAL QUALIFICATION

Darling is a passionate professional in advocating education and development of all diversified firms in the construction industry. As Lydig's Diversity Manager, she keeps current on equal opportunity and affirmative action regulations for diversity and inclusion. Darling's background as a contract administrator has given her the opportunity to work hand-in-hand with our subcontractors as an integral part of many of our major projects. Her commitment to diversity and inclusion extends to her committee work including Tabor 100 and NAMC. She is also part of the AGC of Washington's Diversity Task Force. Darling will leverage her knowledge and experience to ensure opportunities are provided to, and capitalized by, local and S/D/WBE firms for the project.

SELECT PROJECT EXPERIENCE

Bow Lake Transfer Station - Tukwila, WA

GC/CM services for this new, LEED Platinum certified 100,596 SF replacement transfer building for more efficient recycling and garbage handling while the existing transfer station remained in full operation 24/7.

Cascadia Elementary School and Robert Eagle Staff Middle School - Seattle, WA

GC/CM services for a new 92,000 SF elementary school and 147,000 SF middle school. Existing Native American murals were preserved and reinstalled. Construction was performed concurrently.

Seattle Public Utilities, Landsburg Facilities & Chlorination Project - Ravensdale, WA

GC/CM services for new facilities to convert drinking water treatment system from a chlorine-gas based process to a safer sodium hypochlorite chlorination process.

Seattle Public Utilities, North Transfer Station - Seattle, WA

GC/CM services for the new 187,000 SF replacement transfer station. Constructed in multiple phases, the project includes space for the community, play area for children, a sports court and open play field, static exercise stations, and public art.

Port of Seattle, SeaTac Airport Centralized Preconditioned Air - SeaTac, WA

Project scope included installation of chillers, heaters, and piping throughout the 600,000 SF facility while the airport remained fully occupied and operational.

BACKGROUND

15 Years Industry Experience

EDUCATION & CERTIFICATIONS

Secretarial Certificate International Business College, Indiana

National Association of Minority Contractors, Chair - Education and Membership Committee, Board Member

Tabor 100: Membership Committee Member

AGC – Diversity Task Force

EMPLOYMENT HISTORY

Lydig Construction 2002 - Present

11

I first met Darling at an outreach event she organized for select contractors. I had recently started my contract flooring business and was actively seeking opportunities to network with reputable general contractors in the Puget Sound region. From our initial phone conversations, I was impressed by Darling's responsiveness and professionalism. But it wasn't until I met her in person that I got a true sense of what's led to her success as an industry leader: Her energy, warmth, passion, and commitment to everything she takes on. She took the time to learn about me, my business, and my needs as a start-up business owner. She introduced me to key people within her organization and helped me identify subcontracting opportunities on upcoming Lydig projects. This led to a significant subcontracting opportunity on a public works project, which allowed me to demonstrate my company's capabilities.

Mike Samora, President, IronClad USA

AS OF TODAY!

◆ WSDOT

- ◆ SR520 Project - \$4.51 Billion

◆ PORT OF SEATTLE

- ◆ projects in the \$348 million five-year budget blueprint include:
 - ◆ \$100 million for a new cruise berth (assumes 50 percent tenant cost share)
 - ◆ \$39 million for development of Terminal 91 uplands
 - ◆ \$35 million for berth replacement at Terminal 91
 - ◆ \$30 million for bringing electrical power to the waterfront
 - ◆ \$23 million for Fishermen's Terminal Gateway Building
 - ◆ \$17 million for a Terminal 117 habitat restoration program

◆ SOUND TRANSIT

- ◆ \$1.2 Billion for light rail extensions for Lynnwood, Federal Way, and downtown Redmond

OUTREACH AND COMMUNICATIONS

OUTREACH & ENGAGEMENT STRATEGY

- ◆ Events attended by BNBuilders & Lydig Construction, Inc
 - ◆ Regional Contracting Forum **10.9.18**
 - ◆ Darling Nava represented BNB for the 1:1 Session w/subcontractors/suppliers/consultants
 - ◆ 10 signed up for the session & total of 11 more stopped by the table in between sessions
 - ◆ Lydig had a 1:1 session and represented by Jeremiah Gilliam & Anna Dinh
