The global coronavirus pandemic began impacting businesses and city revenues during the second half of the first quarter. By the end of March many businesses were closed due to the stay home orders, which continue through much of the second quarter of 2020.

Sales Taxes collected in the first quarter of 2020 totaled \$3.9 million, which is down (\$434k), or -10%, compared to the first quarter of the prior year.

Construction sales taxes remain strong; the first quarter collections totaled \$576k, an increase of \$272k or 89% compared to the first quarter of the prior year.

The 2020 budget for sales taxes is \$19.911 million, which is nearly equal to total collections for 2019.

Through the first quarter, sales taxes are down by (\$433k), which equates to approximately 2% of the annual budget.

The chart above compares the prior year-to-date totals to the current year-to-date totals for the eight major categories of sales tax. Construction sales taxes are up significantly compared to the prior year; this is helping offset some declines in other categories.

Automotive is the largest decline compared to the prior year; this is due to one-time revenues received in 2019. Retail Trade, Wholesale Trade and Services are also down compared the prior year; these groups were all impacted by the COVID shutdowns.

| 443 | Electronics and Appliances | \$ | 227,388 | \$ 244,269 | \$ | (16,881) | -6.91% |

The chart above shows the ten largest declines compared to the prior year.

Industry code 441-Motor Vehicles and Parts Dealer totals for 2019 includes \$245k of one-time revenues, contributing to the significant decrease.

The Telecommunications tax has been on a downward trend over the past few years. The trend is reflective of consumer preferences and changes in the communications industry.

- (a) Gambling tax includes card games, punch boards, pull tabs and amusement games.
- (b) Excludes golf course admission tax.
- (c) Telecommunications Utility tax includes cellular, pager and telephone usage.
- (d) Actuals reflected in Schedules IV, V and VI are amounts earned for the quarter.

INFORMATIONAL MEMORANDUM

DATE: **June 22, 2020**

SUBJECT: 2020 1st Quarter Financial Report

The quarterly financial report summarizes Citywide financial results and highlights significant items or trends. The first quarter financial report is based on financial data available as of June 11, 2020 for the reporting period ending March 31, 2020.

Allocated budgets are calculated based on the patterns of revenue received and expenditures made in the previous year with the current year budget allocated using the same patterns. Additional details can be found in the attached financial reports.

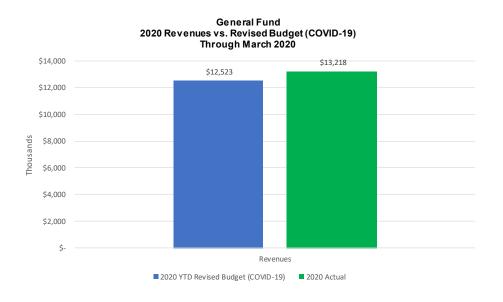

This report also includes information specific to the COVID-19. A revised budget resulting from the COVID-19 pandemic is presented in charts related to General Fund Revenue, General Fund Expenditures (by expenditure type), and on schedules for Residential Streets (103), Arterial Streets (104), and General Government Improvements (303).

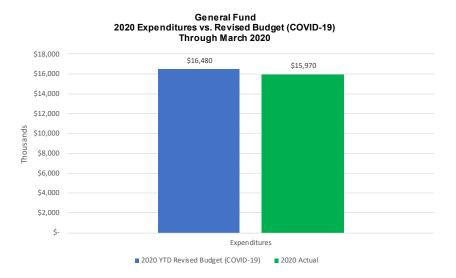

GENERAL FUND

The General Fund is the City's largest fund and accounts for most City resources and services including governance, public safety, and administration.

Budget Variances

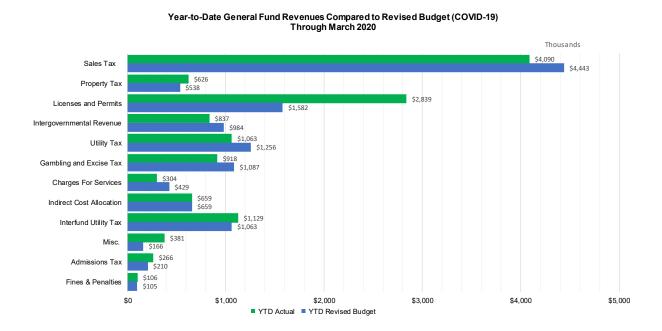

Revenues are \$695 thousand over the revised allocated budget and expenditures are under the revised allocated budget by \$510.6 thousand.

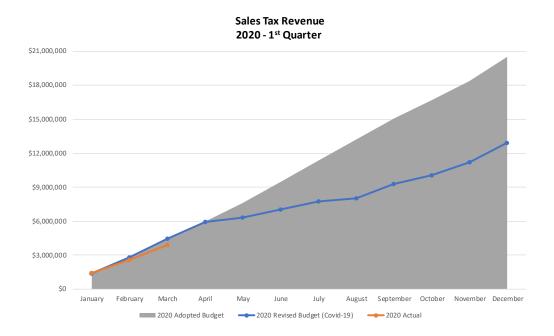

Revenues

Through the first quarter, general fund revenues totaled \$13.2 million compared to a revised allocated budget of \$12.5 million and were \$170.6 thousand less than revenues collected for the same period in the prior year.

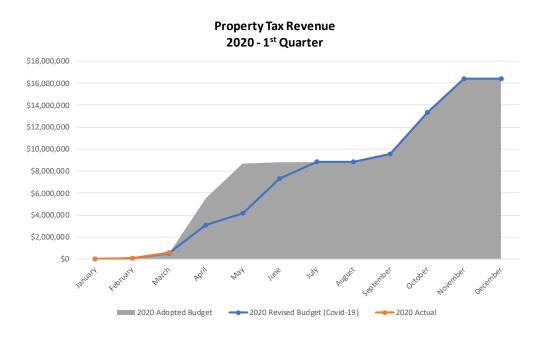

Sales Tax

Retail sales tax revenue was \$4.1 million through the first quarter compared to an allocated budget of \$4.4 million and was \$395.1 thousand less than sales tax revenue collected in the first quarter of the prior year. The chart below reflects projected sales tax revenue through the remainder of 2020 and includes the projected impact of COVID-19.

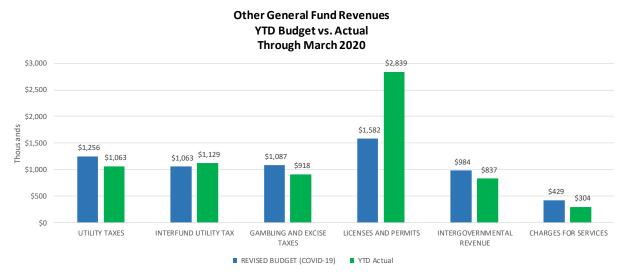

Property Tax

Property tax revenue was \$625.6 thousand through the first quarter which was \$87.8 thousand more than the allocated budget of \$537.7 thousand. It should be noted that the majority of property tax revenue is collected in April/May and October/November of each year. However, some collections are expected to be delayed due to COVID-19. At this time, the City is anticipating a timing difference of when property taxes are collected, but is currently expecting a minimal reduction in total property taxes received by year-end.

Other General Fund Revenues

- Utility taxes were \$1.1 million; \$192 thousand less than the allocated budget of \$1.3 million.
 Telephone taxes continue to decline being \$24.5 thousand less than the prior year and \$142 thousand below allocated budget. The budget will be adjusted to reflect this new normal during the 2021-2022 budget process.
- Interfund utility taxes were \$1.2 million; \$65.6 thousand more than the allocated budget of \$1.1 million.
- Gambling and excise taxes through March were \$917.8 thousand which was \$169.7 thousand less than the allocated budget of \$1.1 million. Casinos were closed in March due to the COOVID-19 pandemic.
- Licenses and permits revenue was \$2.8 million; \$1.2 million over the allocated budget of \$1.6 million.
 Revenue from business licenses was \$2.3 million; \$1.2 over the allocated budget of \$1.2 million.
 Business license revenue was higher than projected in January and February due to a timing difference resulting in transitioning to the State. Busines license revenue that was anticipated in December 2019 was received in January of this year.
- Intergovernmental revenue was \$837.4 thousand; \$147 thousand less than the allocated budget of \$984.3 thousand. The variance is primarily due to grant revenue being \$190.2 thousand below allocated budget due to timing difference of when reimbursement for grant-related expenditures are submitted for reimbursement to granting agencies.
- Charges for services were \$303.6 thousand; \$125.3 thousand less than the allocated budget of \$428.9 thousand. This is primarily due to plan check and review fees being \$105.6 thousand under the allocated budget.

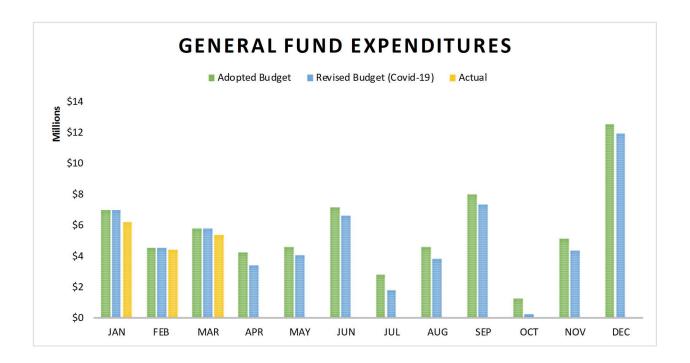

Expenditures

COVID Expenditures

General Fund expenditures related to the COVID-19 pandemic began to be incurred in March. These expenditures totaled \$174,569 for the month and are reported by department in the schedule below. COVID related expenditures in salaries and benefits include time dedicated to the emergency operations center (EOC) as well as time spent analyzing the financial impacts of the pandemic. Overtime and supplies are for time outside of normal operations spent in the EOC as well as time responding directly to COVID-19 related activities. Supplies are for additional PPE and disinfectant supplies.

Unbudgeted costs can be applied against CARES Act funding or FEMA funding and will not affect ending fund balance. Budgeted salaries and benefits for time that has been redirected to responding to the pandemic could qualify for reimbursement from CARES Act funding. Any reimbursement for budgeted salaries and benefits would reduce the need for contingency funds because the City had not received confirmation that CARES Act funding would be available. Reimbursement of these costs were not included in the proposal to close the \$12 million revenue gap.

Fund Balance

Ending fund balances as of March 31, 2020 for the General and Contingency Funds are as follows:

| | General Fund | Co | ntingency Fund |
|------------------------|---------------|----|-------------------|
| Beginning Fund Balance | \$ 12,591,367 | \$ | 7,101,978 |
| Revenues | 13,218,037 | | 27,881 |
| Expenditures | (15,969,716) | | - |
| Ending Fund Balance | \$ 9,839,688 | \$ | 7,129,859 |

The City's reserve policy states that, at the close of each fiscal year, the General Fund unassigned balance shall equal or exceed 18% and the Contingency Fund reserve balance shall equal or exceed 10% of the previous year General Fund revenue, exclusive of significant non-operating, non-recurring revenues. It is expected that fund balances will comply with the City's reserve policy at year-end.

The policy also states that any draw down of minimum balances shall occur only upon recommendation of City Administration and approval by City Council through a resolution. Should a draw down occur, the City Administration shall establish a plan, no later than the end of the fiscal year following the decline, to restore the fund balance to the prescribed minimum level. The plan shall be presented to and approved by the City Council.

The required General Fund balance at the close of the 2020 fiscal year will be \$11.6 million, based on 2019 ongoing revenue. Ending fund balance will fluxuate throughout the year due to timing of property tax receipts; with almost half of this revenue source received in 2nd quarter and the final half received in 4th quarter. Because minimal property tax revenue is received in the 1st quarter, ending fund balance naturally dips below the required amount for cash flow purposes.

OTHER FUNDS

Capital Project Funds

Residential Street Fund (Fund 103) -42^{nd} Ave S and 53^{rd} Ave S projects are physically and substantially completed, respectively. Amounts owing on these projects represent final payments to contractors. Traffic calming projects are on hold. The fund is still awaiting reimbursement from Seattle City Light for costs associated with the 42^{nd} Ave S and 53^{rd} Ave S projects.

General Government Improvements (Fund 303) – The 6300 building dry fire sprinkler system is completed. The TCC siding repairs have not yet started. Bids were received for \$127 thousand with the original estimate for this project being \$200 thousand. The 2020 facilities study was originally proposed to cost \$300 thousand but has been reduced to \$190 thousand with completion of only phases I and II. Staff is reworking the scope of this project per comments received from Council at the June 8, 2020 Committee of the Whole meeting.

53rd Ave S project is substantially complete. Amounts owing represent final payments to contractors

Interfund loan was necessary due to no payment received from Seattle City Light

³ Safe Routes to School projects not started, no costs incurred. Waiting for next grant cycle to apply

Traffic calming projects on hold until/unless Seattle City Light reimburses City

City is preparing to apply for a grant for the S 152nd Safe Routes to School project. At this time, there is estimated grant match of \$200,000. If the grant is awarded, a transfer of funds from the general fund or the arterial street fund will be necessary to cover the match as this fund does not have a significant dedicated revenue source

^{**} Charges for services would include amounts received from Seattle City Light. Due to additional estimated costs associated with the 53rd and 42nd roadway projects, the fur is currently reflecting a negative fund balance and will continue to do so unless Seattle City Light fully reimburses the City. This will need to be addressed during the 2021-20. biennial budget process, and quite possibly during the budget amendment process at the end of 2020 if the City does not receive funds from SCL.

6300 Dry Fire Sprinkler system is completed

TCC siding repairs not started yet. Bids received for \$116,589 and is expected to be presented to Transportation & Infrastructure Committee in the near future. Original estimate for this project was \$200,000 with half to be spent in 2019 and half to be spent in 2020. Contingency of \$10,000 has been added to budget

City Hall siding/roof repair not started
2020 Facilities Study: original proposal was \$300,000 but the revised proposal is for \$190,000 to complete phases I & II only. Study would include updated seismic information for City Hall, 6300 Building, and Fire Stations 53 & 54. Would also provide facility condition assessment and space planning for City Hall. Budget will be updated to reflect Council decision

Allan Ekberg, Mayor

INFORMATIONAL MEMORANDUM

TO: Finance Committee

FROM: Laurel Humphrey, Council Analyst

DATE: **June 16, 2020**

SUBJECT: Appointment to Public Safety Bond Financial Oversight Committee

DISCUSSION

Pursuant to Ordinance No. 2509, the City Council established a Public Safety Bond Financial Oversight Committee to independently represent taxpayers concerning the City's expenditure of revenues received from the sale of general obligation bonds. On October 3, 2016 the City Council adopted a Charter for the Public Safety Bond Financial Oversight Committee which established a membership of five individuals to be appointed by the City Council and requires meetings no fewer than twice per year.

Positions #1 (resident) became vacant on April 1, 2020 and the incumbent decided not to reapply. Ms. McConnell submitted an application on June 9, 2020.

Position terms now run through December 31 of the expiration year to match the other City boards and commissions and to align with the timing of the Public Safety Bond Financial Oversight Committee's timing of its election of Chair and Vice-Chair, which is intended to occur at the first meeting of each calendar year.

The Financial Oversight Committee was planning to meet on March 24, 2020, but the meeting was postponed as part of the City's response to COVID-19 public health concerns. Staff is preparing to get a virtual meeting on the calendar and would like to have the vacancy filled so the individual can participate.

Recommendation

Staff is seeking a Committee recommendation on the application, and if approved, it will be placed on the July 6 Regular Meeting agenda.
