INFORMATIONAL MEMORANDUM

TO: **Transportation and Infrastructure Services Committee**
 FROM: **Hari Ponnekanti, Public Works Director/ City Engineer**
 BY: **Michael Ronda, Project Manager**
 CC: **Mayor Allan Ekberg**
 DATE: **September 24, 2021**
 SUBJECT: **Flood Damage and Repairs – FEMA Public Assistance Grant**
Project No. 11301302, Disaster 4539-DR-WA

ISSUE

Provide approval for the Mayor to sign a Federal Emergency Management Agency (FEMA) Public Assistance Grant Agreement to help pay for Tukwila Urban Center (TUC) Pedestrian Bridge repairs and recovery from a Nationally declared flood disaster.

BACKGROUND

As part of the TUC Pedestrian Bridge Project, the City was required to install environmental mitigation measures along the banks of the Green River. These mitigation items are required to be monitored and maintained for at least five years following project completion. Shortly after the project was complete, the river flooded and damaged the mitigation plants, irrigation system and pedestrian lighting on the bridge. The City needs to repair these components and has insufficient funds in the mitigation and maintenance budget to do so.

ANALYSIS

FEMA provides grant funding for costs incurred from declared disasters and will reimburse up to 75% of the physical cost of recovery. The State Emergency Management Division (EMD) will reimburse another 12.5%. During the mitigation recovery work, staff has been coordinating with FEMA and the State EMD to confirm eligibility for the Public Assistance Grant program to supplement the City’s budget for the needed repairs. Both the environmental mitigation recovery and the repair of the TUC Pedestrian Bridge lighting system are approved for funding, which will be provided to the City upon completing the Public Assistance Grant Agreement. This grant will provide significant cost savings to the City for these repairs.

FISCAL IMPACT

A preliminary cost estimate for the Tukwila Urban Center Pedestrian Bridge flood damage repairs and recovery is anticipated to be \$150,000. FEMA will match the City’s costs up to \$112,500 and the State Emergency Management Division (EMD) will provides another \$18,750. FEMA requires a 12.5% match from the City, or \$18,750. The match falls well within the 2021-2022 Environmental Mitigation Budget of \$110,000.

	<u>Cost Estimates</u>		<u>Funding Sources</u>
Mitigation Recovery	\$130,000	FEMA Grant	\$112,500
Lighting System Repair	20,000	EMD Funds	18,750
		City Revenue	18,750
Total	<u>\$150,000</u>		<u>\$150,000</u>

RECOMMENDATION

Approve the Mayor to sign a Federal Emergency Management Agency (FEMA) Public Assistance Grant agreement to help pay for Tukwila Urban Center Pedestrian Bridge repairs and recovery from a Nationally declared flood disaster and forward this item for consideration on the Consent Agenda at the October 4, 2021 Regular Meeting.

ARTICLE II - ADMINISTRATIVE REQUIREMENTS

The SUBRECIPIENT shall comply with all applicable state and federal laws, rules, regulations, requirements and program guidance identified or referenced in this Agreement and the informational documents published by FEMA applicable to the Presidential Declaration including, but not limited to, all criteria, restrictions, and requirements of the “FEMA State Agreement” published by FEMA and the federal regulations commonly applicable to FEMA grants, all of which are incorporated herein by reference. The Presidential Declaration and the FEMA State Agreement are incorporated in this Agreement by reference.

The SUBRECIPIENT shall comply with the Washington State Public Assistance Applicant Manual dated April 23, 2020 incorporated in this Agreement as **Attachment 4**. The DHS Standard Terms and Conditions are incorporated by reference in this Agreement in Appendix F of the Washington State Public Assistance Applicant Manual dated April 23, 2020.

The SUBRECIPIENT acknowledges that since this Agreement involves federal award funding, the period of performance described herein may begin prior to the availability of appropriated federal funds. The SUBRECIPIENT agrees that it will not hold the DEPARTMENT, the State of Washington, or the United States liable for any damages, claim for reimbursement, or any type of payment whatsoever for services performed under this Agreement prior to distribution of appropriated federal funds, or if federal funds are not appropriated or in a particular amount.

Federal funding is provided by FEMA and is administered by the DEPARTMENT. Under the authority of Presidential Disaster Declaration number FEMA-4539-DR-WA, the DEPARTMENT is reimbursing the SUBRECIPIENT for those approved eligible costs and activities necessary under the Public Assistance Grant Program during the incident period beginning January 20, 2020 to February 10, 2020. Eligible costs and activities will be identified in Project Worksheets approved by FEMA and a Project Worksheet Sample is incorporated as **Attachment 3**. The DEPARTMENT is also providing Advance Payments to the SUBRECIPIENT where provided by FEMA and required and allowed by law. Any interest earned on advance payments (except for interest earned on advances of funds exempt under the Intergovernmental Cooperation Act (31 U.S.C. 6501 et seq.) and the Indian Self-Determination Act (23 U.S.C. 450)) shall be promptly, but at least quarterly, remitted to the DEPARTMENT to be paid to FEMA. The SUBRECIPIENT may keep interest amounts up to \$100 per year for administrative expenses.

A. STATE AND FEDERAL REQUIREMENTS FOR PUBLIC ASSISTANCE GRANTS:

The following requirements apply to all DHS/FEMA Presidential Disasters administered by the DEPARTMENT.

1. FUNDING

The DEPARTMENT will administer the Public Assistance (PA) Grant Program, provide Advance payments, and reimburse approved eligible Public Assistance costs to the SUBRECIPIENT that are identified under the auspices of Presidential Disaster Declaration Number FEMA-4539-DR-WA and authorized by and consistent with the Stafford Act (P.L. 93-288, as amended) and applicable regulations.

It is understood that no final dollar figure is committed to at the time that this Agreement is executed, but that financial commitments will be made by amendments to the project application as Project Worksheets are completed in the field and projects are authorized by state and federal officials.

Pursuant to the FEMA-STATE AGREEMENT, FEMA will contribute not less than seventy-five (75) percent of the eligible costs for any eligible project and one hundred (100) percent of the federal PA Management Costs, up to five (5) percent of the total award amount for each Subrecipient, as provided for in subsection 3.E. of Article II of this Public Assistance Agreement. The SUBRECIPIENT commits to providing the remaining twenty-five (25) percent non-federal match to any eligible project that has been identified under the Presidential Disaster Declaration number FEMA-4539-DR-WA, subject to the following exceptions:

DEPARTMENT Match: The Washington State Legislature may authorize the DEPARTMENT to provide a match to the SUBRECIPIENT's non-federal share of eligible projects. Provision of a match by the DEPARTMENT, if authorized by the Washington State Legislature, shall not require amendment of this Agreement. If DEPARTMENT match funds are committed to the non-federal share by the DEPARTMENT pursuant to legislative authorization, the DEPARTMENT will formally notify the SUBRECIPIENT of the match in writing which will include information identifying any related reduction in the SUBRECIPIENT's percentage commitment.

Donated Resources: FEMA will credit the SUBRECIPIENT for the value of donated resources (non-cash contributions of property or services) related to eligible Emergency Work to offset the non-Federal cost share of its eligible Emergency Work project worksheets – categories A and B, and for the value of donated resources related to eligible work on a Permanent Work project to offset the non-Federal cost share of that specific Permanent Work project worksheet for which the resources were donated – categories C through G. The Donated Resources are recognized by FEMA in a Project Worksheet. Donated Resources offset the non-federal share of the eligible emergency work approved in Project Worksheets or specific permanent work approved in Project Worksheets. For non-state agency SUBRECIPIENTS, the donated resource value will first be applied to the SUBRECIPIENT's non-federal share, and, if a DEPARTMENT match is authorized, any remaining donated resource value will be applied to the DEPARTMENT's share. The value of the Donated Resources is calculated as described in FP 104-009-2 Public Assistance Program and Policy Guide (PAPPG) and the Public Assistance Donated Resources Recovery Policy, and is capped at the non-Federal share of approved eligible emergency work costs or capped at the non-Federal share of the specific approved eligible permanent work costs, as applicable. The Federal share of the Donated Resources will not exceed the non-federal share of eligible emergency work costs or of specific permanent work costs approved in Project Worksheets. Any excess credit for eligible emergency work costs can be credited only to other eligible emergency work costs, for the same SUBRECIPIENT in the same disaster. The value of excess donated resources cannot be credited toward or transferred to another eligible SUBRECIPIENT, or toward other State obligations. The DEPARTMENT does not match a FEMA donated resource credit.

The Project Worksheet, sample provided in **Attachment 3**, is required to be completed by FEMA or State Project Specialists.

2. GRANT AGREEMENT PERIOD

- a. Activities payable under this Agreement and to be performed by the SUBRECIPIENT under this Agreement shall be those activities which occurred during or subsequent to the incident period defined in the FEMA State Agreement, and shall terminate upon completion of the project(s) approved by federal and state officials, including completion of close-out and audit. This period shall be referred to as the "Grant Agreement Period."
- b. The Grant Agreement Period shall only be extended by (1) written notification of FEMA approval of the Grant Agreement Period followed up with a mutually agreed written amendment, or (2) written notification from the DEPARTMENT to the SUBRECIPIENT issued by the DEPARTMENT to address extensions of its underlying federal grant performance period or to provide additional time for completion of the SUBRECIPIENT's project(s).

3. PAYMENTS

The DEPARTMENT, using funds granted for the purposes of the Presidential Disaster Declaration from FEMA, shall issue payments to the SUBRECIPIENT in compliance with the Washington State Public Assistance Applicant Manual dated April 23, 2020 (**Attachment 4**) procedures as follows:

- a. Small Project Payments: Payments are made for all small projects to the SUBRECIPIENT upon submission and approval of an A19-1A State of Washington Invoice Voucher to the DEPARTMENT, after FEMA has approved funding through approval of Project Worksheets.
- b. Progress Payments: Progress payment of funds for costs already incurred on large projects minus ten (10) percent retainage may be made to the SUBRECIPIENT upon submission by the SUBRECIPIENT of an A19-1A State of Washington Invoice Voucher, a letter of request, and a spreadsheet identifying the claimed costs supporting the payment request and approval by the DEPARTMENT.
- c. Improved Projects: Payments on improved projects (capped project) will be pro-rated based upon the percentage of the project that is funded under this disaster grant to the overall project cost. This percentage will be identified when the first payment on the improved project is made. Progress payments will be made as outlined above in Section B.
- d. Final Payment: Final Payment on a large project will be made following submission by the SUBRECIPIENT of a certification of completion on the STATEMENT OF DOCUMENTATION / FINAL INSPECTION REPORT form upon completion of project(s), completion of all final inspections by the DEPARTMENT, and final approval by FEMA. Final payment on a large project will include any retainage withheld during progress payments. Final payments may also be conditional upon financial review, if determined necessary by the DEPARTMENT or FEMA. Adjustments to the final payment may be made following any audits conducted by the Washington State Auditor's Office, the United States Inspector General or other federal or state agency.
- e. The SUBRECIPIENT is eligible to receive federal PA Management Costs up to five (5) percent of the total award amount for each Subrecipient at the time of its request. PA Management Costs includes any of the following when associated with the PA portion of a major disaster or emergency: Indirect costs, direct administrative costs, and other administrative expenses associated with a specific project. Documentation is required to substantiate the eligibility of management activities and associated costs in accordance with PA Management Costs Interim Policy – Standard Operating Procedures.
- f. All payment requests shall be made on an A19-1A form, State of Washington, Invoice Voucher. Payments will be made by electronic fund transfer to the SUBRECIPIENT's account.
- g. Federal funding shall not exceed the total federal contribution eligible for Public Assistance costs under Presidential Disaster Declaration number FEMA-4539-DR-WA.
- h. For state agencies, the DEPARTMENT will, through interagency reimbursement procedures, transfer payment to the SUBRECIPIENT. Payment will be transferred by journal voucher to Agency No. [REDACTED], Accounting Fund No. [REDACTED].
- i. Within the total Grant Agreement Amount, travel, sub-contracts, salaries, benefits, printing, equipment, and other goods and services will be reimbursed on an actual cost basis unless otherwise provided in this Agreement.
- j. For travel costs, SUBRECIPIENTS shall comply with 2 CFR 200.474 and should consult their internal policies, state rates set pursuant to RCW 43.03.050 and RCW 43.03.060 as now existing or amended, and federal maximum rates set forth at <http://www.gsa.gov>, and follow the most restrictive.
- k. If travel costs exceed set state or federal limits, travel costs shall not be reimbursed without written approval by DEPARTMENT Key Personnel.
- l. Receipts and/or backup documentation for any approved items that are authorized under this Agreement must be maintained by the SUBRECIPIENT consistent with record retention requirements of this Agreement, and be made available upon request by the DEPARTMENT, and local, state, or federal auditors.
- m. All work under this Agreement must end on or before the Grant Agreement End Date, and the final reimbursement request must be submitted to the DEPARTMENT within forty-five (45) days after the Grant Agreement End Date, except as otherwise authorized by written amendment of this Agreement and issued by the DEPARTMENT.

- n. No costs for purchases of equipment/supplies will be reimbursed until the related equipment/supplies have been received by the SUBRECIPIENT, its subrecipient or contractor, or any non-federal entity to which the SUBRECIPIENT makes a subaward, and is invoiced by the vendor.
- o. SUBRECIPIENTS shall only use federal award funds under this Agreement to supplement existing funds and will not use them to replace (supplant) non-federal funds that have been budgeted for the same purpose. The SUBRECIPIENT may be required to demonstrate and document that the reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

The DEPARTMENT shall provide Advance Payments as provided by FEMA and as required and authorized by law.

4. CLOSEOUT

To initiate close-out, the SUBRECIPIENT is required to certify in writing, by Project Worksheet Number, date completed, and total amount expended on the project, completion of the small projects. To initiate close-out of the large projects, the SUBRECIPIENT shall submit certification of completion on a STATEMENT OF DOCUMENTATION/FINAL INSPECTION REPORT form to the DEPARTMENT.

The DEPARTMENT will then complete a site inspection and a financial review of documentation to support the claimed costs. Certifications on small and large projects are due within sixty days following the completion of the project or receipt of the approved Project Worksheet, whichever date is later.

If SUBRECIPIENT is claiming federal PA Management Costs: Indirect costs, direct administrative costs, and other administrative expenses associated with a specific project must be supported by documentation to substantiate the eligibility of management activities and associated costs that has been prepared and assembled in accordance with PA Management Costs Interim Policy – Standard Operating Procedures prior to close-out.

After all of the projects have been certified as complete and approved for closure by FEMA, the DEPARTMENT will forward a final A19-1A State of Washington Invoice Voucher to the SUBRECIPIENT for release of the remaining funds due to the subrecipient for eligible costs, including any retainage previously withheld, and the allowance for federal indirect costs.

5. DOCUMENTATION / REPORTING REQUIREMENTS

For all Advance Payment, the SUBRECIPIENT shall provide documentation and receipts for all costs related to the Advance Payment and provide such to the DEPARTMENT quarterly.

The SUBRECIPIENT is required to retain all documentation which adequately identifies the source and application of Public Assistance funds, including the federal indirect cost reimbursement, for six years following the closure of this disaster grant. For all funds received, source documentation includes adequate accounting of actual costs and recoveries incurred.

The SUBRECIPIENT shall also comply with the Federal Funding Accountability and Transparency Act (FFATA) and related OMB Guidance consistent with Public Law 109-282 as amended by section 6202(a) of Public Law 110-252 (see 31 U.S.C. 6101 note) and complete the Audit Certification/FFATA Form, provided by the DEPARTMENT. This form is required to be completed once per calendar year, per SUBRECIPIENT, and not per agreement. The DEPARTMENT's Contracts Office will request the SUBRECIPIENT submit an updated form at the beginning of each calendar year in which the SUBRECIPIENT has an active agreement.

Quarterly Reports: The SUBRECIPIENT is required to submit to the DEPARTMENT a quarterly report indicating the status of all their large projects. The status shall identify the costs incurred to date, the percentage of work completed, the anticipated completion date of the project and whether cost under runs or over runs are expected. In addition, the SUBRECIPIENT should note in the comment field any challenges or issues associated with the project. Failure to submit a complete quarterly report within fifteen (15) days following the end of the quarter will result in suspension of all payments to the SUBRECIPIENT until a complete quarterly report is received by the DEPARTMENT. The quarterly report will serve as the basis for any FEMA Office of Chief Financial Officer (OCFO) funds reduction.

6. TIME EXTENSIONS

A time extension request is required to be forwarded to the DEPARTMENT by the SUBRECIPIENT for a project prior to the expiration of the approved completion date. If the project is approved and funded after the statutory approval time period for completion, then a time extension request must be submitted to the DEPARTMENT within fifteen days of receipt of the funding package.

In accordance with 44CFR206.204, the DEPARTMENT reserves the right, in its sole discretion, to consider and approve a time extension request after expiration of the approved completion date and within the DEPARTMENT's statutory extension authority. Requests for time extensions beyond the DEPARTMENT's authority will be considered and approved by FEMA, at their sole discretion.

All determinations made regarding time extension requests will be based on a case by case evaluation of specific factual circumstances.

A time extension request must be in writing and identify the Project Worksheet number, the reason the project has not been completed within the prior approved completion period, the reason the time extension request was not submitted prior to the statutory approval time period (if applicable), a current status of the completion of the work, a detailed timeline for completion of the remaining elements, and an anticipated completion date for the completion of the remaining work. Failure to submit a time extension request in a timely manner may result in denial of the time extension request, and loss of funding for the related project.

7. PROCUREMENT

The SUBRECIPIENT shall comply with all procurement requirements of 2 CFR Part 200.318 through 200.326 and as specified in the General Terms and Conditions, Exhibit A.11.

If the SUBRECIPIENT fails to comply with federal or state statutes or regulations, or the terms and conditions of this Agreement, the DEPARTMENT may impose any additional subaward conditions as described in 2 CFR 200.207. If the

DEPARTMENT determines that noncompliance cannot be remedied by imposing additional conditions, it may take one or more of the following actions:

9. LIMITED ENGLISH PROFICIENCY (CIVIL RIGHTS ACT OF 1964 TITLE VI)

Providing meaningful access for persons with LEP may entail providing language assistance services, including oral interpretation and written translation. Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (August 11, 2000), requires federal agencies to issue guidance to recipients, assisting such organizations and entities in understanding their language access obligations. DHS published the required recipient guidance in April 2011, DHS Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons, 76 Fed. Reg. 21755-21768, (April 18, 2011). The Guidance provides helpful information such as how a recipient can determine the extent of its obligation to provide language services; selecting language services; and elements of an effective plan on language assistance for LEP persons. For additional assistance and information regarding language access obligations, please refer to the DHS Recipient Guidance at <https://www.dhs.gov/guidance-published-help-department-supported-organizations-provide-meaningful-access-people-limited> and additional resources on <http://www.lep.gov>.

B. FEMA STATE AGREEMENT TERMS AND CONDITIONS

As a subrecipient of FEMA funding, the SUBRECIPIENT shall comply with all applicable DHS/FEMA terms and conditions of the Presidential Declaration and the FEMA State Agreement, which are incorporated in and made a part of this Agreement in Appendix F of the Washington State Public Assistance Applicant Manual dated April 23, 2020 (**Attachment 4**).

- a. **"DEPARTMENT"** means the Washington State Military Department, as a state agency, any division, section, office, unit or other entity of the DEPARTMENT, or any of the officers or other officials lawfully representing that DEPARTMENT. The DEPARTMENT is a recipient of a federal award directly from a federal awarding agency and is pass-through entity making a subaward to a subrecipient under this Agreement.
- b. **"SUBRECIPIENT"** when capitalized is primarily used throughout this Agreement in reference to the non-federal entity identified on the Face Sheet of this Agreement that has received a subaward from the DEPARTMENT. However, the definition of "subrecipient" is the same as in 2 CFR 200.93 for all other purposes. **"Monitoring Activities"** means all administrative, construction, financial, or other review activities that are conducted to ensure compliance with all state and federal laws, rules, regulations, authorities and policies.
- c. **"Project"** means those actions funded through the Public Assistance Program and described in approved Project Worksheets. Projects may include one or more of the following: reimbursement of costs for emergency response, debris removal and/or repair or restoration of damaged public facilities. A project may be a small, large, improved, or alternate project.

Such grant application investment justification is hereby incorporated into this Agreement by reference.

A.2 ADVANCE PAYMENTS

The DEPARTMENT shall make no payments in advance or in anticipation of goods or services to be provided under this Agreement, except as required under 2 CFR 200.305 for federal grants. SUBRECIPIENT shall not invoice the DEPARTMENT in advance of delivery and invoicing of such goods or services, except as authorized under 2 CFR 200.305.

However, such amendment or modification shall not be binding, take effect or be incorporated herein until made in writing and signed by the authorized representatives of the DEPARTMENT and the SUBRECIPIENT. No other understandings or agreements, written or oral, shall be binding on the parties.

A.4 AMERICANS WITH DISABILITIES ACT (ADA) OF 1990, PUBLIC LAW 101-336, 42 U.S.C. 12101 ET SEQ. AND ITS IMPLEMENTING REGULATIONS ALSO REFERRED TO AS THE "ADA" 28 CFR Part 35.

The SUBRECIPIENT must comply with the ADA, which provides comprehensive civil rights protection to individuals with disabilities in the areas of employment, public accommodations, state and local government services, and telecommunication.

A.5 APPLICATION REPRESENTATION-MISREPRESENTATION, INACCURACY AND BREACH

The DEPARTMENT relies upon the SUBRECIPIENT's application in making its determinations as to eligibility for, selection for, and scope of funding grants. Any misrepresentation, error or inaccuracy in any part of the application may be deemed a breach of this Agreement.

A.6 ASSURANCES

DEPARTMENT and SUBRECIPIENT agree that all activity pursuant to this Agreement will be in accordance with all the applicable current federal, state and local laws, rules and regulations. In addition, as a SUBRECIPIENT of FEMA funding, the SUBRECIPIENT shall comply with all applicable DHS terms and conditions as specified in Appendix F of the Washington State Public Assistance Applicant Manual dated March 22, 2020 incorporated in this Agreement as **Attachment 4**.

A.7 CERTIFICATION REGARDING DEBARMENT, SUSPENSION, OR INELIGIBILITY

As federal funds are a basis for this Agreement, the SUBRECIPIENT certifies that the SUBRECIPIENT is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in this Agreement by any federal department or agency.

The SUBRECIPIENT shall complete, sign, and return a Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion form located at <http://mil.wa.gov/emergency-management-division/requiredgrantforms>. Any such form completed by the SUBRECIPIENT for this Agreement shall be incorporated into this Agreement by reference.

Further, the SUBRECIPIENT agrees to comply with all applicable federal regulations concerning the federal debarment and suspension system, including 2 CFR Part 180. The SUBRECIPIENT certifies that it will ensure that potential sub-contractors or sub-recipients or any of their principals are not debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in "covered transactions" by any federal department or agency. "Covered transactions" include procurement contracts for goods or services awarded under a non-procurement transaction (e.g. grant or cooperative agreement) that are expected to equal or exceed \$25,000, and sub-awards to sub-recipients for any amount. With respect to covered transactions, the SUBRECIPIENT may comply with this provision by obtaining a certification statement from the potential sub-contractor or sub-recipient or by checking the System for Award Management (<http://www.sam.gov>) maintained by the federal government. The SUBRECIPIENT also agrees not to enter into any arrangements or contracts with any party on the Washington State Department of Labor and Industries' "Debarred Contractor List" (<http://www.lni.wa.gov/TradesLicensing/PrevWage/AwardingAgencies/DebarredContractors/>).

As required by 44 CFR Part 18, the SUBRECIPIENT hereby certifies that to the best of their knowledge and belief: (1) no federally appropriated funds have been paid or will be paid by or on behalf of the SUBRECIPIENT to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement; (2) that if any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Agreement, grant, loan, or cooperative agreement, the SUBRECIPIENT will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; (3) and that, as applicable, the SUBRECIPIENT will require that the language of this certification be included in the award documents for all subawards at all tiers (including sub-contracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into, and is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code.

A.9 COMPLIANCE WITH APPLICABLE STATUTES, RULES AND DEPARTMENT POLICIES

The SUBRECIPIENT and all its contractors shall comply with, and the DEPARTMENT is not responsible for determining compliance with, any and all applicable federal, state, and local laws, regulations, executive orders, OMB Circulars, and/or policies. The SUBRECIPIENT shall incorporate, or cause to incorporate, in all such contracts or subcontracts, a provision prohibiting such interest pursuant to this provision.

A.11 CONTRACTING & PROCUREMENT

a. The SUBRECIPIENT shall use a competitive procurement process in the procurement and award of any contracts with contractors or sub-contractors that are entered into under the original contract award. The procurement process followed shall be in accordance with 2 CFR Part 200.318 General procurement standards through 200.326 Contract Provisions.

As required by Appendix II to 2 CFR Part 200, all contracts entered into by the SUBRECIPIENT under this Agreement must include the following provisions, as applicable:

- 1) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- 2) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

3) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

4) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of forty (40) hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of forty (40) hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

6) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

8) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

11) Notice of Federal awarding agency requirements and regulations pertaining to reporting.

12) Federal awarding agency requirements and regulations pertaining to copyrights and rights in data.

13) Access by the DEPARTMENT, the SUBRECIPIENT, the Federal awarding agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.

14) Retention of all required records for six years after the SUBRECIPIENT has made final payments and all other pending matters are closed.

15) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 89 Stat. 871).

Such preference must be consistent with the law, including cost and contracting requirements of 2 CFR Part 200.

b. The DEPARTMENT reserves the right to review the SUBRECIPIENT procurement plans and documents and require the SUBRECIPIENT to make changes to bring its plans and documents into compliance with the requirements of 2 CFR Part 200.318 through 2 CFR 200.326. The SUBRECIPIENT must ensure that its procurement process requires contractors and subcontractors to provide adequate documentation with sufficient detail to support the costs of the project and to allow both the SUBRECIPIENT and DEPARTMENT to make a determination on eligibility of project costs.

c. All sub-contracting agreements entered into pursuant to this Agreement shall incorporate this Agreement by reference.

A.12 DISCLOSURE

The use or disclosure by any party of any information concerning the DEPARTMENT for any purpose not directly connected with the administration of the DEPARTMENT's or the SUBRECIPIENT's responsibilities with respect to services provided under this Agreement is prohibited except by prior written consent of the DEPARTMENT or as required to comply with the state Public Records Act, other law or court order.

A.13 DISPUTES

Except as otherwise provided in this contract, when a bona fide dispute arises between the parties and it cannot be resolved through discussion and negotiation, either party may request a dispute resolution panel to resolve the dispute. A request for a dispute resolution board shall be in writing, state the disputed issues, state the relative positions of the parties, and be sent to all parties. The panel shall consist of a representative appointed by the DEPARTMENT, a representative appointed by the SUBRECIPIENT and a third party mutually agreed upon by both parties. The panel shall, by majority vote, resolve the dispute. Each party shall bear the cost for its panel member and its attorney fees and costs and share equally the cost of the third panel member.

A.14 DUPLICATION OF BENEFITS

The SUBRECIPIENT agrees that the funds for which federal or state assistance is requested does not, or will not, duplicate benefits or funds received for the same loss from any other source. The SUBRECIPIENT will pursue, and require sub-recipients to pursue, full payment of eligible insurance benefits for properties or any other losses covered in a project under this Agreement. The SUBRECIPIENT will repay the DEPARTMENT any funds provided under this grant agreement that are duplicated by other benefits, funds, or insurance proceeds. The SUBRECIPIENT will also seek recovery against any party or parties whose negligence or other intentional or tortious conduct may have caused or contributed to the expenditures for which these grants funds are provided. The SUBRECIPIENT will repay the DEPARTMENT any funds recovered by settlement, judgment, or other court order in an action to recover funds provided by this grant. The SUBRECIPIENT shall notify the DEPARTMENT as early as possible and work in conjunction with the DEPARTMENT and FEMA to ensure appropriate apportionment of any duplicated or recovered payment.

A.15 HAZARDOUS SUBSTANCES

The SUBRECIPIENT shall inspect and investigate the proposed development/construction site for the presence of hazardous substances. The SUBRECIPIENT shall fully disclose to the DEPARTMENT the results of its inspection and investigation and all other knowledge the SUBRECIPIENT has as to the presence of any hazardous substances at the proposed development/construction project site. The SUBRECIPIENT will be responsible for any associated clean-up costs. "Hazardous Substance" is defined in RCW 70.105D.020 (10).

A.16 LEGAL RELATIONS

It is understood and agreed that this Agreement is solely for the benefit of the parties to the Agreement and gives no right to any other party. No joint venture or partnership is formed as a result of this Agreement.

To the extent allowed by law, the SUBRECIPIENT, its successors or assigns, will protect, save and hold harmless the DEPARTMENT, the State of Washington, and the United States Government and their authorized agents and employees, from all claims, actions, costs, damages or expenses of any nature whatsoever by reason of the acts or omissions of the SUBRECIPIENT, its sub-contractors, assigns, agents, contractors, consultants, licensees, invitees, employees or any person whomsoever arising out of or in connection with any acts or activities authorized by this Agreement.

This obligation shall not include such claims, costs, damages or expenses which may be caused by the sole negligence of the DEPARTMENT; provided, that if the claims or damages are caused by or result from the concurrent negligence of (1) the DEPARTMENT, and (2) the SUBRECIPIENT, its agents, or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the SUBRECIPIENT, or SUBRECIPIENT's agents or employees.

Insofar as the funding source, the DEPARTMENT of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA), is an agency of the federal government, the following shall apply:

44 CFR 206.9 Non-liability. A.17 LIMITATION OF AUTHORITY – AUTHORIZED SIGNATURE

The signatories to this Agreement represent that they have the authority to bind their respective organizations to this Agreement. Only the DEPARTMENT's Authorized Signature and the Authorized Signature of the assigned SUBRECIPIENT Agent or Alternate for the SUBRECIPIENT Agent, formally designated in writing, shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Agreement. Any alteration, amendment, modification, or waiver of any clause or condition of this Agreement is not effective or binding unless made in writing and signed by both parties Authorized Signature representatives. Further, only the Authorized Signature representative or Alternate for the SUBRECIPIENT shall have authority to sign reimbursement requests, certification of project completion, time extension requests, amendment and modification requests, requests for changes to project status, and other requests, certifications and documents authorized by or required under this Agreement.

A.18 LOSS OR REDUCTION OF FUNDING

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Agreement and prior to normal completion or end date, the DEPARTMENT may unilaterally reduce the scope of work and budget or unilaterally terminate or suspend all or part of the Agreement as a "Termination for Cause" without providing the SUBRECIPIENT an opportunity to cure. Alternatively, the parties may renegotiate the terms of this Agreement under "Amendments and Modifications" to comply with new funding limitations and conditions, although the DEPARTMENT has no obligation to do so.

A.19 NONASSIGNABILITY

Neither this Agreement, nor any claim arising under this Agreement, shall be transferred, or assigned by the SUBRECIPIENT.

A.20 NONDISCRIMINATION

The SUBRECIPIENT shall comply with all applicable federal and state non-discrimination laws, regulations, and policies. No person shall, on the grounds of age, race, creed, color, sex, sexual orientation, religion, national origin, marital status, honorably discharged veteran or military status, or disability (physical, mental, or sensory) be denied the benefits of, or otherwise be subjected to discrimination under any project, program, or activity, funded, in whole or in part, under this Agreement.

A.21 NOTICES

The SUBRECIPIENT shall comply with all public notices or notices to individuals required by applicable local, state and federal laws and shall maintain a record of this compliance.

To the extent allowed by law, the SUBRECIPIENT further agrees to indemnify and hold harmless the DEPARTMENT and its employees and agents from all liability,

damages and costs of any nature, including but not limited to, costs of suits and attorneys' fees assessed against the DEPARTMENT, as a result of the failure of the SUBRECIPIENT to so comply.

A.23 OWNERSHIP OF PROJECT/CAPITAL FACILITIES

The DEPARTMENT makes no claim to any capital facilities or real property improved or constructed with funds under this Agreement, and by this grant of funds does not and will not acquire any ownership interest or title to such property of the SUBRECIPIENT.

The SUBRECIPIENT shall assume all liabilities arising from the ownership and operation of the project and agrees to hold the DEPARTMENT and the State of Washington and the United States government harmless from any and all causes of action arising from the ownership and operation of the project.

A.24 POLITICAL ACTIVITY

No portion of the funds provided herein shall be used for any partisan political activity or to further the election or defeat of any candidate for public office or influence the approval or defeat of any ballot issue.

A.25 PRIVACY

Personal information collected, used, or acquired in connection with this agreement shall be used solely for the purposes of this agreement. SUBRECIPIENT and its subcontractors agree not to release, divulge, publish, transfer, sell or otherwise make known to unauthorized persons personal information without the express written consent of the DEPARTMENT or as provided by law or court order. SUBRECIPIENT agrees to implement physical, electronic, and managerial safeguards to prevent unauthorized access to personal information.

The DEPARTMENT reserves the right to monitor, audit, or investigate the use of personal information collected, used, or acquired by the SUBRECIPIENT through this contract. The monitoring, auditing, or investigating may include but is not limited to "salting" by the DEPARTMENT. Salting is the act of placing a record containing unique but false information in a database that can be used later to identify inappropriate disclosure of data contained in the database.

Any breach of this provision may result in termination of the contract and the demand for return of all personal information. The SUBRECIPIENT agrees to indemnify and hold harmless the DEPARTMENT for any damages related to the SUBRECIPIENT's unauthorized use, loss or disclosure of personal information.

For purposes of this provision, personal information includes, but is not limited to, information identifiable to an individual that relates to a natural person's health, finances, education, business, use or receipt of governmental services, or other activities, names, addresses, telephone numbers, social security numbers, driver license numbers, financial profiles, credit card numbers, financial identifiers and other identifying numbers.

A.26 PROHIBITION AGAINST PAYMENT OF BONUS OR COMMISSION

The assistance provided under this Agreement shall not be used in payment of any bonus or commission for the purpose of obtaining approval of the application for such assistance or any other approval or concurrence under this Agreement provided; however, that reasonable fees or bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

A.27 PUBLICITY

The SUBRECIPIENT agrees to submit to the DEPARTMENT prior to issuance all advertising and publicity matters relating to this Agreement wherein the DEPARTMENT's name is mentioned or language used from which the connection of the DEPARTMENT's name may, in the DEPARTMENT's judgment, be inferred or implied. The SUBRECIPIENT agrees not to publish or use such advertising and publicity matters without the prior written consent of the DEPARTMENT. The SUBRECIPIENT may copyright original work it develops in the course of or under this Agreement; however, pursuant to 2 CFR Part 200.315, FEMA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use the work for government purposes.

The SUBRECIPIENT shall include language which acknowledges the funding contribution of the DEPARTMENT and FEMA to this project in any release or other publication developed or modified for, or referring to, the project.

Publication resulting from work performed under this Agreement shall include an acknowledgement of the DEPARTMENT and FEMA's financial support, by CFDA number, and a statement that the publication does not constitute an endorsement by FEMA or reflect FEMA's views.

A.28 RECAPTURE PROVISION

In the event the SUBRECIPIENT fails to expend funds under this Agreement in accordance with applicable federal, state, and local laws, regulations, and/or the provisions of the Agreement, the DEPARTMENT reserves the right to recapture funds in an amount equivalent to the extent of noncompliance. Such right of recapture shall exist for the life of the project following Agreement termination. Repayment by the SUBRECIPIENT of funds under this recapture provision shall occur within 30 days of demand. In the event the DEPARTMENT is required to institute legal proceedings to enforce the recapture provision, the DEPARTMENT shall be entitled to its costs and expenses thereof, including attorney fees.

A.29 RECORDS AND REPORTS

- a. The SUBRECIPIENT agrees to maintain all books, records, documents, receipts, invoices and all other electronic or written records necessary to sufficiently and properly reflect the SUBRECIPIENT's contracts, subawards, grant administration, and payments, including all direct and indirect charges, and expenditures in the performance of this Agreement (the "records").
- b. The SUBRECIPIENT's records related to this Agreement and the projects funded may be inspected and audited by the DEPARTMENT or its designee, by the Office of the State Auditor, DHS, FEMA or their designees, by the Comptroller General of the United States or its designees, or by other state or federal officials authorized by law, for the purposes of determining compliance by the SUBRECIPIENT with the terms of this Agreement and to determine the appropriate level of funding to be paid under the Agreement.
- c. The records shall be made available by the SUBRECIPIENT for such inspection and audit, together with suitable space for such purpose, at any and all times during the SUBRECIPIENT's normal working day.
- d. The SUBRECIPIENT shall retain and allow access to all records related to this Agreement and the funded project(s) for a period of at least six (6) years following final payment and closure of the grant under this Agreement. Despite the minimum federal retention requirement of three (3) years, the more stringent State requirement of six (6) year must be followed.

A.30 RECOVERY OF FUNDS

Any person who intentionally causes a condition for which funds are provided under this Agreement shall be liable for the costs incurred by the state and federal governments in responding to such disaster. In addition to its own duty to recover duplicated funds or funds expended due to the intentional or negligent actions of others. SUBRECIPIENT will cooperate in a reasonable manner with the DEPARTMENT and the United States in efforts to recover expenditures under this Grant Agreement.

A.31 RESPONSIBILITY FOR PROJECT/STATEMENT OF WORK/WORK PLAN

While the DEPARTMENT undertakes to assist the SUBRECIPIENT with the project/statement of work/work plan (project) by providing grant funds pursuant to this Agreement, the project itself remains the sole responsibility of the SUBRECIPIENT. The DEPARTMENT undertakes no responsibility to the SUBRECIPIENT, or to any third party, other than as is expressly set out in this Agreement.

The responsibility for the design, development, construction, implementation, operation and maintenance of the project, as these phrases are applicable to this project, is solely that of the SUBRECIPIENT, as is responsibility for any claim or suit of any nature by any third party related in any way to the project.

Prior to the start of any construction activity, the SUBRECIPIENT shall ensure that all applicable Federal, State, and local permits and clearances are obtained, including but not limited to FEMA compliance with the National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act, and all other environmental laws and executive orders.

The SUBRECIPIENT shall defend, at its own cost, any and all claims or suits at law or in equity, which may be brought against the SUBRECIPIENT in connection with the project. The SUBRECIPIENT shall not look to the DEPARTMENT, or to any state or federal agency, or to any of their employees or

agents, for any performance, assistance, or any payment or indemnity, including but not limited to cost of defense and/or attorneys' fees, in connection with any claim or lawsuit brought by any third party related to any design, development, construction, implementation, operation and/or maintenance of a project.

A.32 SEVERABILITY

If any court of rightful jurisdiction holds any provision or condition under this Agreement or its application to any person or circumstances invalid, this invalidity does not affect other provisions, terms or conditions of the Agreement, which can be given effect without the invalid provision. To this end, the terms and conditions of this Agreement are declared severable.

A.33 SINGLE AUDIT ACT REQUIREMENTS (including all AMENDMENTS)

Non-federal entities as subrecipients that expend **\$750,000** or more in one fiscal year of federal funds from all sources, direct and indirect, are required to have a single or a program-specific audit conducted in accordance with 2 CFR Part 200 Subpart F. Non-federal entities that spend less than **\$750,000** a year in federal awards are exempt from federal audit requirements for that year, except as noted in 2 CFR Part 200 Subpart F. As defined in 2 CFR Part 200, the term "non-federal entity" means a State, local government, Indian Tribe, institution of higher education, or non-profit organization that carries out a federal award as a recipient or subrecipient.

SUBRECIPIENTS that are required to have an audit must ensure the audit is performed in accordance with Generally Accepted Government Auditing Standards (GAGAS) as found in the Government Auditing Standards (the Revised Yellow Book) developed by the United States Comptroller General and the OMB Compliance Supplement. The SUBRECIPIENT has the responsibility of notifying its auditor and requesting an audit in compliance with 2 CFR Part 200 Subpart F, to include the Washington State Auditor's Office, a federal auditor, or a public accountant performing work using GAGAS, as appropriate. Costs of the audit may be an allowable grant expenditure as authorized by 2 CFR Part 200 Subpart F.

The SUBRECIPIENT shall maintain auditable records and accounts so as to facilitate the audit requirement and shall ensure that any subrecipients or contractors also maintain auditable records.

The SUBRECIPIENT is responsible for any audit exceptions incurred by its own organization or that of its subcontractors. Responses to any unresolved management findings and disallowed or questioned costs shall be included with the audit report.

The SUBRECIPIENT must respond to DEPARTMENT requests for information or corrective action concerning audit issues or findings within 30 days of the date of request. The DEPARTMENT reserves the right to recover from the SUBRECIPIENT all disallowed costs resulting from the audit.

Once the single audit has been completed and includes any audit findings, the SUBRECIPIENT must send a full copy of the audit to the DEPARTMENT and its corrective action plan no later than nine (9) months after the end of the SUBRECIPIENT's fiscal year(s) to:

**Contracts Office
Washington Military Department
Finance Division, Building #1 TA-20
Camp Murray, WA 98430-5032**

The DEPARTMENT retains the sole discretion to determine whether a valid claim for an exemption from the audit requirements of this provision has been established.

The SUBRECIPIENT shall include the above audit requirements in any subawards.

Conducting a single or program-specific audit in compliance with 2 CFR Part 200 Subpart F is a material requirement of this Agreement. In the absence of a valid claim of exemption from the audit requirements of 2 CFR Part 200 Subpart F, the SUBRECIPIENT's failure to comply with said audit requirements may result in one or more of the following actions in the DEPARTMENT's sole discretion: a percentage of federal awards being withheld until the audit is completed in accordance with 2 CFR Part 200 Subpart F; the withholding or disallowing of overhead costs; the suspension of federal awards until the audit is conducted and submitted; or termination of the federal award.

A.34 SUBRECIPIENT NOT EMPLOYEE

The parties intend that an independent contractor relationship will be created by this Agreement. The SUBRECIPIENT, and/or employees or agents performing under this Agreement are not employees or agents of the DEPARTMENT in any manner whatsoever. The SUBRECIPIENT will not be presented as nor claim to be an officer or employee of the DEPARTMENT or of the State of Washington by reason of this Agreement, nor will the SUBRECIPIENT make any claim, demand, or application to or for any right or privilege applicable to an officer or employee of the DEPARTMENT or of the State of Washington by reason of this Agreement, including, but not limited to, Workmen's Compensation coverage, unemployment insurance benefits, social security benefits, retirement membership or credit, or privilege or benefit which would accrue to a civil service employee under Chapter 41.06 RCW.

It is understood that if the SUBRECIPIENT is another state department, state agency, state university, state college, state community college, state board, or state commission, that the officers and employees are employed by the State of Washington in their own right and not by reason of this Agreement.

A.35 TAXES, FEES AND LICENSES

Unless otherwise provided in this Agreement, the SUBRECIPIENT shall be responsible for, pay and maintain in current status all taxes, unemployment contributions, fees, licenses, assessments, permit charges and expenses of any other kind for the SUBRECIPIENT or its staff required by statute or regulation that are applicable to Agreement performance.

A.36 TERMINATION FOR CONVENIENCE

Notwithstanding any provisions of this Agreement, the SUBRECIPIENT may terminate this Agreement by providing written notice of such termination to the DEPARTMENTs Key Personnel identified in the Agreement, specifying the effective date thereof, at least thirty (30) days prior to such date.

Except as otherwise provided in this Agreement, the DEPARTMENT, in its sole discretion and in the best interests of the State of Washington, may terminate this Agreement in whole or in part by providing ten (10) calendar days written notice, beginning on the second day after mailing to the SUBRECIPIENT. Upon notice of termination for convenience, the DEPARTMENT reserves the right to suspend all or part of the Agreement, withhold further payments, or prohibit the SUBRECIPIENT from incurring additional obligations of funds. In the event of termination, the SUBRECIPIENT shall be liable for all damages as authorized by law. The rights and remedies of the DEPARTMENT provided for in this section shall not be exclusive and are in addition to any other rights and remedies provided by law.

A.37 TERMINATION OR SUSPENSION FOR CAUSE

In the event the DEPARTMENT, in its sole discretion, determines the SUBRECIPIENT has failed to fulfill in a timely and proper manner its obligations under this Agreement, is in an unsound financial condition so as to endanger performance hereunder, is in violation of any laws or regulations that render the SUBRECIPIENT unable to perform any aspect of the Agreement, or has violated any of the covenants, agreements or stipulations of this Agreement, the DEPARTMENT has the right to immediately suspend or terminate this Agreement in whole or in part.

The DEPARTMENT may notify the SUBRECIPIENT in writing of the need to take corrective action and provide a period of time in which to cure. The DEPARTMENT is not required to allow the SUBGRANTEE an opportunity to cure if it is not feasible as determined solely within the DEPARTMENT's discretion. Any time allowed for cure shall not diminish or eliminate the SUBRECIPIENT's liability for damages or otherwise affect any other remedies available to the DEPARTMENT. If the DEPARTMENT allows the SUBRECIPIENT an opportunity to cure, the DEPARTMENT shall notify the SUBRECIPIENT in writing of the need to take corrective action. If the corrective action is not taken within ten (10) calendar days or as otherwise specified by the DEPARTMENT, or if such corrective action is deemed by the DEPARTMENT to be insufficient, the Agreement may be terminated in whole or in part.

The DEPARTMENT reserves the right to suspend all or part of the Agreement, withhold further payments, or prohibit the SUBRECIPIENT from incurring additional obligations of funds during investigation of the alleged compliance breach, pending corrective action by the SUBRECIPIENT, if allowed, or pending a decision by the DEPARTMENT to terminate the Agreement in whole or in part.

In the event of termination, the SUBRECIPIENT shall be liable for all damages as authorized by law, including but not limited to, any cost difference between the original Agreement and the replacement or

cover Agreement and all administrative costs directly related to the replacement Agreement, e.g., cost of administering the competitive solicitation process, mailing, advertising and other associated staff time. The rights and remedies of the DEPARTMENT provided for in this section shall not be exclusive and are in addition to any other rights and remedies provided by law.

If it is determined that the SUBRECIPIENT: (1) was not in default or material breach, or (2) failure to perform was outside of the SUBRECIPIENT's control, fault or negligence, the termination shall be deemed to be a "Termination for Convenience".

A.38 TERMINATION PROCEDURES

In addition to the procedures set forth below, if the DEPARTMENT terminates this Agreement, the SUBRECIPIENT shall follow any procedures specified in the termination notice. Upon termination of this Agreement and in addition to any other rights provided in this Agreement, the DEPARTMENT may require the SUBRECIPIENT to deliver to the DEPARTMENT any property specifically produced or acquired for the performance of such part of this Agreement as has been terminated.

If the termination is for convenience, the DEPARTMENT shall pay to the SUBRECIPIENT the agreed upon price, if separately stated, for properly authorized and completed work and services rendered or goods delivered to and accepted by the DEPARTMENT prior to the effective date of Agreement termination, and the amount agreed upon by the SUBRECIPIENT and the DEPARTMENT for (i) completed work and services and/or equipment or supplies provided for which no separate price is stated, (ii) partially completed work and services and/or equipment or supplies provided which are accepted by the DEPARTMENT, (iii) other work, services and/or equipment or supplies which are accepted by the DEPARTMENT, and (iv) the protection and preservation of property.

Failure to agree with such amounts shall be a dispute within the meaning of the "Disputes" clause of this Agreement. If the termination is for cause, the DEPARTMENT shall determine the extent of the liability of the DEPARTMENT. The DEPARTMENT shall have no other obligation to the SUBRECIPIENT for termination. The DEPARTMENT may withhold from any amounts due the SUBRECIPIENT such sum as the DEPARTMENT determines to be necessary to protect the DEPARTMENT against potential loss or liability.

The rights and remedies of the DEPARTMENT provided in this Agreement shall not be exclusive and are in addition to any other rights and remedies provided by law.

After receipt of a notice of termination, and except as otherwise directed by the DEPARTMENT in writing, the SUBRECIPIENT shall:

- a. Stop work under the Agreement on the date, and to the extent specified, in the notice;
- b. Place no further orders or sub-contracts for materials, services, supplies, equipment and/or facilities in relation to this Agreement except as may be necessary for completion of such portion of the work under the Agreement as is not terminated;
- c. Assign to the DEPARTMENT, in the manner, at the times, and to the extent directed by the DEPARTMENT, all of the rights, title, and interest of the SUBRECIPIENT under the orders and sub-contracts so terminated, in which case the DEPARTMENT has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and contracts;
- d. Settle all outstanding liabilities and all claims arising out of such termination of orders and sub-contracts, with the approval or ratification of the DEPARTMENT to the extent the DEPARTMENT may require, which approval or ratification shall be final for all the purposes of this clause;
- e. Transfer title to the DEPARTMENT and deliver in the manner, at the times, and to the extent directed by the DEPARTMENT any property which, if the Agreement had been completed, would have been required to be furnished to the DEPARTMENT;
- f. Complete performance of such part of the work as shall not have been terminated by the DEPARTMENT in compliance with all contractual requirements; and
- g. Take such action as may be necessary, or as the DEPARTMENT may require, for the protection and preservation of the property related to this Agreement which is in the possession of the SUBRECIPIENT and in which the DEPARTMENT has or may acquire an interest.

A.39 UTILIZATION OF MINORITY AND WOMEN BUSINESS ENTERPRISES (MWBE)

TO: **Transportation and Infrastructure Services Committee**

 DATE: **September 24, 2021**
 SUBJECT: **Future Sewer Lift Station No. 13 – Feasibility Study**
Project No. 99740205
Consultant Selection and Agreement

ISSUE

Approve a contract agreement with Gray & Osborne, Inc. (G&O) to provide feasibility study services for the Future Sewer Lift Station No. 13.

BACKGROUND

Most of the Tukwila Hill neighborhood discharges its sewage via the 12” sewer line under Interstate 405 (I-405) south of Tukwila City Hall. The City’s sewer line was constructed before the interstate existed and since construction and subsequent expansions of the highway took place, the vital main has become inaccessible to the maintenance and engineering staff. The existing pipe is also long past its useful life and is need of replacement. This is of concern because if the pipe were to fail, it would affect most of the Tukwila Hill neighborhood and require costly emergency repair in many locations.

DISCUSSION

The Future Sewer Lift Station No. 13 Project is currently scheduled to start in 2024. However, since the pipe is inaccessible to staff and is a single point of failure for most of Tukwila Hill, we have decided to start the feasibility study sooner than planned. The feasibility study will help us determine which design options, such as replacing the pipe or building a new lift sewer station, will be the most efficient and cost effective. Since building a lift station is a costly endeavor, other alternatives will be exhaustively studied first. Proposals from five consultants were reviewed and Gray & Osborne, Inc. were selected to pursue the feasibility study.

FINANCIAL IMPACT

Gray & Osborne, Inc has provided a cost estimate of \$41,700.00 for the feasibility study services for the Future Sewer Lift Station No. 13. The project will be funded by the 2021 Annual Sewer Repair Program design budget. The project costs are within budget and are 100% funded by the sewer enterprise fund.

RECOMMENDATION

Council is being asked to approve a feasibility study agreement for professional services with Gray & Osborne, Inc in the amount of \$41,700.00 for the Future Sewer Lift Station #13 – Feasibility Study Project and consider this item on the Consent Agenda at the October 4, 2021 Regular Meeting.

SCOPE OF WORK
CITY OF TUKWILA
I-405 SEWER MAIN DEMOLITION AND REROUTE

PROJECT UNDERSTANDING

The City of Tukwila wants to contract with Gray & Osborne to examine rerouting and decommissioning the existing sewer main that crosses I-405 at Andover Park West. Gray & Osborne is to develop preliminary concepts and the associated costs to reroute sewer flow from the Southcenter Boulevard location. The preliminary concepts and the associated cost are to be summarized in a feasibility report along with discussion of the advantages and disadvantages of each concept.

More specifically, the work will include the following.

DESIGN

Task 1 – Project Management and Oversight

Objective: Provide overall project management and oversight of the project work by the Principal-in-Charge and senior staff members.

- A. Provide overall project management and oversight services, to include:
- Procure sufficient staff resources to dedicate to the project.
 - Manage and control project budget and schedule.
 - Manage and provide monthly progress reports and invoices.

Task 2 – Kickoff Meeting

Objective: Conduct a kickoff meeting with City of Tukwila staff to confirm scope, identify critical path schedule and task items, format and schedule for deliverables, major project assignments, stakeholder contacts, and any special regulatory and funding agency requirements.

- A. Conduct an initial meeting to initiate the engineering design process for the project, discussing the following items at a minimum. The discussion will include, but not be limited to, the following topics:
- Review City of Tukwila -provided record drawings of existing system.

- Review and confirm project understanding and design criteria to be employed.
- Review and confirm task assignments and budget hours for assigned tasks.
- Review and confirm project schedule and milestones/deliverables.
- Identify project stakeholders and discuss their needs and impacts on the project.
- Document the discussion of the meeting and distribute to all attendees.

Task 3 – Evaluation of Alternatives

Objective: Identify alternatives for abandonment of the existing I-405 sewer crossing, compare feasible alternatives and select a preferred alternative.

A. Possible alternatives currently under consideration include the following:

- Construct a lift station along Southcenter Boulevard to divert flows north into the City’s system.
- Construct a lift station along Southcenter Boulevard and slip line the existing gravity main, to facilitate a force main across I-405. In addition, the main would be extended through the existing manhole located in I-405 and connected to the City’s sewer system on Tukwila Parkway.
- Examine trenchless technologies to install either a gravity or force main under I-405 and connected to the City’s sewer system on Tukwila Parkway.

B. Selection of the preferred alternative will include review of the following elements:

- Capital Cost
- Life-Cycle Cost
- Constructability
- Risk
- Permitting
- Environmental Issues
- Public impacts

C. We will provide a comparative matrix to select the preferred alternative based on ranking system of the evaluation elements.

Task 4 – Surveying

Objective: If required obtain critical vertical and horizontal control and pertinent topographical information to include identifying existing and obvious utilities, and pertinent topographical features to facilitate development of proposed alternatives.

- A. Establish vertical and horizontal control on the City of Tukwila adopted datum for survey and mapping at a scale of not more than 1 inch = 20 feet (horizontal) and 1 inch = 5 feet (vertical).
- B. Acquire supplemental topographical survey of the site (within and adjacent to the project corridor) to identify key elevations to ensure the preferred alternative is feasible.

Task 5 – Prepare Technical Memorandum

Objective: Prepare a technical memorandum summarizing the project understanding, design criteria, regulatory requirements, and general design guidelines and standards which govern the project design.

- A. Prepare a technical memorandum (letter report) summarizing the project understanding, project site, access issues, utility needs, pertinent design criteria, regulatory requirements, and general design guidelines and standards which govern the project design. The Technical Memorandum will include discussion of conceptual alternatives to reroute sewer across I-405 from Southcenter Boulevard to the intersection of Tukwila Parkway and Andover Park West, summarizing the alternatives evaluation and providing the preferred alternative.
- B. Submit the technical memorandum to City of Tukwila staff and solicit comments and/or clarifications. Incorporate all relevant review comments into memorandum. Issue final memorandum to City of Tukwila.

Task 6 – Quality Assurance/Quality Control

- A. Oversee two, in-house, quality assurance/quality control (QA/QC) meetings at G&O's office during the course of the design project. The meetings will include the design team members, and selected senior project staff,
- B. Ensure incorporation of relevant recommendations and suggestions into bid/construction documents resulting from QA/QC reviews.

SCHEDULE

We anticipate the following schedule for deliverables:

- Draft Technical Memorandum: January 2022.
- Final Technical Memorandum: February 2022.

 SUBJECT: **Surface Water Fund - Gilliam Creek Fish Barrier Removal**
Project No. 99830105
Acceptance of King County CWM grant

ISSUE

Authorize the Mayor to sign a Cooperative Watershed Management (CWM) grant agreement with King County.

BACKGROUND

The primary goals of this project are to restore fish passage between Gilliam Creek and the Green River, restore salmon habitat, and maintain or improve flood protection. The 108” flapgate would be removed and replaced with flood protection more suitable to fish passage.

DISCUSSION

In May 2021, WRIA 9 approved funding for this project within its High Priority Capital Projects Implementation Fund and its 2021 funding package. CWM funds are distributed annually to each WRIA in the County to support salmon recovery. This funding will be used to support preliminary design, stakeholder involvement and design development.

FISCAL IMPACT

The City has \$1,937,000 earmarked for design in the Capital Improvement Program, including \$561,000 in surface water funds through 2023. While there is no match requirement, the CWM grant agreement states that the City will leverage \$161,000, which will be accomplished through other CWM funds and City surface water revenue.

EXHIBIT A: PROJECT DESCRIPTION

Project	Recipient	Description	Leverage	Award
Gilliam Creek Fish Barrier Removal	City of Tukwila	The Gilliam Creek Fish Barrier Removal and Habitat Enhancement Project will create fish passage between Gilliam Creek and the Green River in Tukwila. Gilliam Creek is mostly inaccessible to aquatic species due to the presence of a 1960s era 108"-diameter flapgate at the outlet of a 207-foot long culvert beneath 66th Ave. S.	\$161,000	\$200,000

Project Location: The project is located in the lower Green River subwatershed at RM 12.5 on the left bank. This is the confluence with Gilliam Creek, lying in the highly developed Southcenter area of Tukwila. The project will improve the following habitats; mainstem edge, confluence and tributary. Within the Green-Duwamish watershed, this project is located within the lower Green River, upstream of the salt wedge, but still tidally influenced. The lower Green river watershed is characterized by its levee-restricted banks and massive warehousing district. The primary limiting factor for Chinook salmon recovery in the lower Green is rearing habitat. The site has a narrow buffer of mixed vegetation, with a mature cottonwood canopy; there are two local road stormwater outlets in the project area.

ISSUE

Approve a contract with J.A. Brennan Associates, LLC to provide project design services for the Chinook Wind Public Access project in the amount of \$63,373.10.

BACKGROUND

The Chinook Wind Public Access project was established as a City CIP project in 2014 with the vision of creating off-channel habitat and a public shoreline trail. King County acquired the site in 2015 and has since been working to implement the restoration component of the project through their in-lieu fee mitigation program. The City is developing the public access component including a trail, trailhead, parking, stormwater treatment, site furnishings, and signage. These efforts are being closely coordinated. Construction of the public access component is slated for 2022.

ANALYSIS

Staff reviewed the current MRSC Consultant Roster and issued a Request for Proposal (RFP) to three design firms with project familiarity that had previously expressed interest. Two firms submitted proposals. The proposals were scored according to predefined criteria by a selection committee. J.A. Brennan Associates, LLC was the highest-ranking firm among committee members. J.A. Brennan Associates, LLC previously contracted with the City for the design of Duwamish Gardens and the in-progress Tukwila Pond master plan. Staff continues to be very satisfied with their work.

FISCAL IMPACT

J.A. Brennan Associates, LLC has provided a cost not to exceed \$63,373.10 to perform design services. The project costs are within the \$88,000.00 budget (2020-2021 CIP). The City has a grant agreement with the State Recreation and Conservation Office that will pay for up to 50% of design and construction costs, including \$26,200 in design costs.

Scope of Work

Chinook Wind Public Access Project

Prepared For:

Mike Perfetti
Habitat Project Manager
The City of Tukwila Public Works Department

Project Description

J.A. Brennan Associates will provide Landscape Architectural services to support in the trail design and implementation at the Chinook Wind project site.

David Consulting Group (DCG), as subconsultant to J.A. Brennan and Associates, will provide permitting and construction documents, civil engineering services including stormwater engineering per King County Surface Water Design Manual (2021) and a drainage, utility, and paving ROW plans associated with the parking area and trail design.

The Chinook Wind Public Access Project will provide public pedestrian trail access through King County's Chinook Wind 5 ½ acre off-channel mitigation project. The project site is on the right bank of the Duwamish River at about river mile 6, just downstream from the City's Duwamish Gardens habitat restoration and park site and is accessed via Tukwila International Boulevard. The project goal is to integrate inviting shoreline public access through the Chinook Wind site. The trail will be located within a public trail easement granted to the city that runs along the north and east perimeter of the site.

The mitigation/habitat restoration is being undertaken by King County's Mitigation Reserves Program and is not included as part of this project. Mitigation project construction is planned to begin in the fall of 2021. The Public Access project will develop a trail system that will eventually connect with the Duwamish Gardens trail just upstream, making a substantial and unique urban shoreline access experience. The property will be transferred to the City of Tukwila following the County's mitigation project and subsequent multi-year maintenance period.

Project design elements include a small parking area within the Tukwila International Boulevard Street right-of-way, drainage, a trail head, kiosk, signage, the pedestrian trail, site furnishings, fencing, viewpoints, planting coordination and irrigation.

For the purposes of understanding the scale of this project, the anticipated construction cost is thought to be around ±\$200,000.

Task A – Administration/Coordination

Administration tasks include meeting coordination, scheduling, contract administration and subconsultant administration costs and expenses.

Task B – Site Investigation & Technical Analysis

Provide base mapping, review relevant data, and identify if additional survey is needed. The city will provide: AutoCAD survey, King County’s mitigation bid plans, cultural resources report, geotechnical report, and the trail easement. The construction of King County’s project will begin in the fall of 2021.

DCG has budgeted time for 1 site visit and code review.

Deliverables:

- Site base map based on provided survey from the client

Task C – Public and Team Coordination

This task will include time for city staff meetings, design team meetings, and stakeholder meetings. Public outreach will be led by the city. JAB has included time to participate in one stakeholder or public meeting. Production of a brief PowerPoint slide show to support city staff is included.

DCG has budgeted time for five team meetings including a Client/Team Kick Off meeting, a Public/Stakeholder meeting (attendance only) and 3 progress meetings.

Deliverables:

- As identified in the fee matrix

Task D – Schematic Design

Two quick alternative plan studies of parking, trail alignment, potential non-structural on grade overlooks or viewpoints and upland planting will be prepared for review by staff, stakeholders, and the public. A brief tech memo will be prepared summarizing each alternative.

Alternative designs will utilize site analysis investigations and information to finesse the preferred alternative to add recreational and interpretive elements and accommodate maintenance and security needs at the Chinook Wind site.

The draft and final schematic plan will reflect the preferred design as ascertained during the alternatives design process. The schematic design will include a preliminary layout of the trail alignment within the 20’ easement and planting areas. Consideration for overlooks/viewpoints and interpretive signage locations will be included in the schematic plan. The plan will be accompanied by other hand-drawn graphics as described under the deliverables section below, and a brief written tech memo that describes the preferred trail alignment.

DCG will correspond briefly with JAB while they review existing policy and documents, identify design goals and list potential program elements.

DCG will comment on JAB’s written description of alternatives, two diagrammatic alternative concept plans, two site sections, preferred concept plan graphic as well two landscape architecture sections and a Concept Plan memo.

DCG will prepare up to two section and/or detail sheets to help illustrate the JAB design and take the lead role producing cost estimates for the parking area.

Deliverables:

- As identified in the fee matrix

Task E – Permit Support

This task includes providing necessary permit documentation and a limited amount of coordination and correspondence to support the client applying for one local (City) permit. J.A. Brennan will provide limited permit agency coordination support and will provide a limited amount of design changes and responses to permit review comments. Revisions to the permit application or re-design because of the permit review is not included in this contract. In-water permits are not anticipated including the HPA or Corps permit.

Some meeting time and coordination is shared between several permit activities for efficiency. It is assumed that this efficiency can be maintained for meetings and coordination with multiple agencies.

DCG has budgeted 4 hours for phone calls and coordination.

Deliverables:

- As identified in the fee matrix

Task F – Construction Documents (60%, 90% and 100% PSE)

Construction documents will be submitted twice for client review prior to issuing final construction documents. Submittals will be provided at 60%, 90% and 100% design completion. They will include plans, specifications and estimate of probable construction costs and unit bid item list. Specifications will be provided in City of Tukwila Special Provisions format to WSDOT standard specifications.

J.A. Brennan Associates:

J.A. Brennan will provide layout, grading, planting, irrigation, and associated details.

DCG has budgeted time to provide Site, Grading, Hardscaping, and Utility Plans, as well as the final Drainage for the parking area.

Report Final TIR and SWPPP and cost estimates will include the trail and parking area.

Deliverables:

- As identified in the fee matrix

Task G – Bid Support

JAB will support in responding to contractor’s questions during the bid period, attend a pre-bid meeting, and support with the preparation of up to 2 addenda if required.

Deliverables:

- As identified in the fee matrix

Assumptions

General Assumptions:

1. The Client will provide CAD survey of the project site.
2. J.A. Brennan does not provide contaminated soils remediation services.
3. The client will provide coordinated, consolidated review comments at each submittal.
4. JAB will use city provided title block, and sheet format.
5. JAB will use in house Cad standards.
6. City will lead all permit applications for the project. In water permits are not anticipated.
7. To support in the efficiency of the project design, the easterly trail connection between the Duwamish Garden site and the Chinook Wind site, will be based on the design developed in the contract documents prepared for the Duwamish Garden project with limited hours (up to 4 hours) to refine the trail interface at the Chinook Wind connection.
8. Construction Stormwater General Permit (CSWGP) application is not included. It is assumed that the Contractor will provide the CSWGP.
9. Refer to Exhibit B Fee Matrix for specific products and scope items.
10. Construction support is not included in this scope of work.
11. Historic properties research is not included; it is assumed there are not designated historical sites or buildings within the project area.
12. Shoreline Permit application not included; Critical Area analysis and permit not included.

DCG Assumptions:

1. Topographic base mapping will be completed by others and provided to DCG in electronic AutoCAD format including point files.
2. Any additional required survey information will be completed by others under separate scope.
3. On-site stormwater facilities must be located within the City's easement boundary. Either on-site infiltration, sheet flow to the wetland, or a direct connection to an existing city main within 100' of the site will be a viable method of stormwater conveyance, flow control, and discharge.
4. There will be greater than 5,000 Square feet, but less than 10,000 Square feet of new pollution generating impervious surface, requiring water quality facilities, but not flow control.

5. Electrical systems/connections will be designed build and necessary permits obtained by others. This scope does not include electrical engineering. Electrical engineering, if required, will be provided by others.
6. Geotechnical Engineering services (i.e., infiltration facility testing and recommendations) will be completed by others and the information provided to DCG.
7. All permit applications, coordination and fees will be handled and paid for by others.
