

INFORMATIONAL MEMORANDUM

TO: Community Services & Safety Committee

FROM: Tracy Gallaway, Parks & Recreation Director

BY: John Dunn, Recreation Superintendent

CC: Mayor Ekberg

DATE: February 14, 2022

SUBJECT: Summer Experiences & Enrichment for Kids Fund (SEEK Fund)

ISSUE

Seeking authorization for the Mayor to sign Service Contract with Association of Washington Cities in the amount of \$281,440.

BACKGROUND

In summer 2021, Washington Recreation and Parks Association (WRPA) announced that they were working with The Association of Washington Cities (AWC) and the Office of Superintendent of Public Instruction (OSPI) to develop a process for applying and receiving grant funds specifically for summer experiences for youth in Washington State. The City of Tukwila Parks & Recreation Department was awarded \$49,100 for the summer of 2021.

In fall 2021 a new grant opportunity was announced. Applicants were allowed to apply for up to three program areas. We applied for three areas which we thought would be of great benefit to youth and families in Tukwila:

- Summer Recreation Scholarship Program - \$100,000
- The Outdoor Recreation Program - \$115,000
- Youth Ecology & Restoration Stewards Program - \$66,440

On January 28, 2022, we were notified that we were awarded for all three applications which total \$281,440. Funds are to be used between April 15, 2022 & September 1, 2022.

DISCUSSION

This grant is specifically awarded based on the following areas.

Summer Recreation Scholarship Program: \$100,000

This program will be used to scholarship kids entering Kindergarten through 12th grade into summer programs. The purpose of this grant is to help remove the barrier of cost to access programs that promote and encourage socialization, outdoor recreation, and provide for the safe space for parents to send their children so they can work during the day. Example: this scholarship can be used to expand Camp Tukwilly, or provide for TeenVenture Camp, sports camps, and some preschool camps.

The Outdoor Recreation Program: \$115,000

This program will be built from the ground up to provide outdoor recreation experiences for Tukwila youth. This program will provide transportation, staff, equipment, and entry fees for youth in Tukwila to travel around the Puget Sound to experience a variety of true outdoor recreation. The purpose is to offer Youth and Teens opportunities for outdoor recreation that

they may not normally have access to while living in an urban environment. Youth and Teens will travel to various national and state parks, nature preserves and other locations. Hiking, canoeing, camping and other wilderness activities will be offered. Outdoor education, Zoo & aquarium Visits, ropes courses, fishing and other activities are all potential outings. Trips will be run 2-3 days a week during the summer.

Youth Ecology & Restoration Stewards (YERS) Program: \$66,440

Youth Ecology & Restoration Stewards (YERS) program will be piloted in April-September 2022, funded by the SEEK Grant, supported by the Green Tukwila Program. YERS empowers youth from immigrant and refugee communities by supporting local organizations, Partner in Employment (PIE), and Bhutanese Community Resource Center (BCRC) to teach environmental education, healthy eating, and green job training in Tukwila's Parks System. Youth will learn about ecosystem restoration through hands-on training to inspire exploration and awareness in natural areas and exposure to natural resource career paths while impacting a local park.

PIE will lead five weeks of paid job training in Tukwila Park while teaching ecology, restoration basics, how to use tools, watershed awareness, and supporting youth with resume development and job counseling.

BCRC will teach youth about current threats the environment faces like plastics, litter, climate change, global warming, and ways to help the environment with hands-on training about forest ecology, native and invasive plants, nurturing established forests, and living healthy. BCRC will steward Tukwila Park through forest restoration, the second part of their program will be litter clean up at Cascade View Community Park. BCRC will focus on healthy eating and will be taking a tour to a local farm run by migrants, all youth will receive a culturally appropriate produce box monthly.

FINANCIAL IMPACT

There is no matching requirement for the City. This is a reimbursement grant which will require Finance to include a budget amendment at year end for these programs. Staff would track expenditures and submit for reimbursement. Both revenue and expenditures budgets will be adjusted and net effect on ending fund balance will be zero.

RECOMMENDATION

The Council is being asked to authorize the Mayor to sign the award contract and consider this item for consent agenda at the February 28, 2022, Special Meeting.

Any amount owed AWC by the Subcontractor pursuant to the indemnity may be deducted from any payments owed by AWC to the Subcontractor for the performance of this Subcontract.

Outdoor Recreation Program

The Outdoor Recreation Program will be a program built from the ground up to provide outdoor recreation experiences for Tukwila youth. This program will provide transportation, staff, equipment and entry fees for youth in Tukwila to travel around the Puget Sound to experience a variety of true outdoor recreation. Youth and Teens will travel to various national and state parks, nature preserves and other locations. Hiking, canoeing, camping and other wilderness activities will be offered. As part of the program, participants will learn about nature, learn new skills, and have exposure to experiences that they most likely would not otherwise have while living in Tukwila. Each week the camps or trips will be sized to encourage socialization with others and promote healthy, physical activity. By getting away from their normal environment and experiencing new activities, the participants will get the much-needed break for their mental health. With the diversity and high percentage of low income families and children in Tukwila, most youth and teens do not have the means to participate in an experience like this. Transportation and financial ability are the 2 biggest reasons they could not participate. If awarded this grant, Tukwila youth and teens would have access to this program with our staff providing the transportation along with all other costs to this program. In addition, we would attempt to hire bilingual staff to assist with communications with ESL students or bring in a translator if needed. Information and forms will be translated into at least 6 various languages to remove the language barrier. Registration will be available by phone, in person and we will deliver information to be sent out by the school to help get the word to all families. In addition, our Teen program has an extensive social network and communication with the local teens that will help spread the word through their chosen communication methods. These funds will help develop and offer this program as we have never had an outdoor program. Our normal budget is fully in use with what we normally provide, and this will give us an opportunity to offer a completely new experience for our youth and teens. We have wanted to try an outdoor program but working within our current budgets have not given us the opportunity to truly build it. If we are able to provide this program and show the need in our community, we will then be able to show our council the outcomes for them to provide future funding to continue the experiences. We have worked with or will work with the following organizations to help spread the word to families in Tukwila: Somali Health Board, Access To Our Community, Tukwila Children's Foundation, Tukwila School District. These partners will be for outreach, Tukwila staff will supervise children at all times. All expenses will be covered with this grant. No fees will be charged to the participants. Depending on the activity for the day or week, participants will be outside 6-8 hours each day of program. If awarded the grant, Tukwila Staff will begin planning and reserving activities to lock in the schedule. A summer intern or lead supervisor will be hired in April to complete programming and take on the lead role for the program and hiring staff for the summer. Programs will begin the last week of June and will continue through the last week of August. Activities will be scheduled at least 2-3 days a week during this time and will vary depending on the location and availability of the activity.

Summer Recreation Scholarship Program

During COVID, many Tukwila families have not been able to participate in programs due to the financial burden that has been placed on them. This can be due to the cost of the program or the need for

childcare as parents need to work to support the family. The Tukwila Summer Recreation Scholarship Program will provide scholarships for Tukwila families impacted by COVID and/or childcare issues to attend recreational based programs provided by Tukwila Parks & Recreation or other agencies. Youth & Teens will be able to participate in any recreational program that is outdoor based, childcare based or has a social element to encourage social engagement. By emphasizing outdoor, childcare, or social programs, we are supporting and promoting the students to connect socially, engaging in physical activity, and getting the youth into the outdoors. With the diversity and high percentage of low-income families and children in Tukwila, most youth and teens do not have the means to participate in an experience like this. Transportation and financial ability are the 2 biggest reasons they could not participate. If awarded this grant, Tukwila youth and teens would have access to various programs to support their needs including potentially programs closer to their homes that may be provided by other agencies. Information and forms will be translated into at least 6 various languages to remove the language barrier. Registration will be available by phone, in person and we will deliver information to be sent out by the school to help get the word to all families. These funds will be used to support those that truly need the help. In the past, we just lowered fees for all participants. If we can develop a scholarship program, then those that can afford the programs can pay normal, and we can provide scholarships to those that need it. We have worked with or will work with the following organizations to help spread the word to families in Tukwila: Somali Health Board, Access To Our Community, Tukwila Children's Foundation, Tukwila School District. These partners will be for outreach, Tukwila staff will always supervise children. This grant will be used to provide free access to paid programs for those that are on free or reduced lunch program, experiencing childcare issues due to financial or other issues, or otherwise impacted by COVID. Depending on the program chosen to register in, participants will be outside 3-8 hours each day of program. If awarded the grant, Tukwila Staff will develop the scholarship program for any activities that are schedule between June 1st and September 2nd, 2022.

Youth Ecology & Restoration Stewards (YERS)

Youth Ecology & Restoration Stewards (YERS): Fostering Youth Development through Environmental Education, Stewardship, and Job Training. A program of Tukwila Parks and Recreation's Mission: YERS will provide youth with educational opportunities to learn about ecosystem restoration through hands-on training to inspire exploration and awareness in natural areas and exposure to natural resource career paths while impacting a local park. YERS funding request \$66,440.00 The YERS program empowers non-profits to partner with local government to restore urban forests and green spaces, learn about current environmental issues and remove barriers from outdoor opportunities. YERS youth will work in the Tukwila Park system and learn about the watershed, wildlife habitat, invasive and native plants and trees, litter clean-up, scientific observation skills, and how to properly use and care for tools. Through positive work experience and teamwork development, youth will build professional skills, a sense of responsibility and self-sufficiency, a long-term community service ethic, and the awareness of green jobs as a possible career path. The YERS program will be based in the Tukwila Park system, utilizing multiple parks for exposure to different environmental landscapes and bringing awareness to local parks. Tukwila Parks and Recreation will be partnering with two non-profits to create the YERS program, Partner in Employment (PIE) and the Bhutanese Community Resource Center (BCRC). Partner in Employment (PIE) is a 501(c)3 non-profit organization that aims to address employment challenges among refugees and immigrants in Washington. PIE's staff, board members, and volunteers bring a deep understanding of the diverse needs of South King County's new communities. By providing in-language, culturally competent program designs that responsively support the goals of each client, PIE can build sustainable self-reliance in the immigrant and refugee community. PIE pays all youth a living wage for their work in the Green Training Program and works with youth to

support their future careers. The Bhutanese Community Resource Center (BCRC) is a 501(c)3 non-profit organization whose objective is to provide direct services to Bhutanese refugees who come to Washington for resettlement. BCRC provides volunteer services to newly arrived refugees in various capacities. BCRC works closely with the community in identifying and addressing their needs. BCRC also works closely with Bhutanese youths by organizing events and other youth engagement projects within and out of the community. YERS will enhance access to youth that have been historically underserved by empowering community leaders to broadcast the program within their network. Translators and transportation will be addressed to encourage youth participation. YERS aims to support immigrant and refugee families that are historically not represented in the environmental field. SEEK funding will enable Tukwila Parks & Recreation to partner with non-profits to offer this opportunity to underserved youth. Without funding, Tukwila Parks and Recreation is not able to provide the YERS program in 2022. YERS, Two-Part Program: Part 1: The Partner in Employment Youth Restoration Training Crew is a paid job training program that seeks to connect immigrant and refugee youth from South King County with paths into environmental and green careers. The goal will be accomplished by training and working with youth to complete environmental restoration projects providing environmental education to address other areas of environmental science and the why's behind restoration projects bringing in guest speakers to provide information on a wide variety of environmental career paths and help youth to make connections in fields of interest providing culturally relevant support to youth from PIE case managers as they progress through their career paths Partner in Employment with the support of Tukwila Parks and Recreation will run five weeks of programming between April- September. The Spring quarter will be two weeks, with hours after school and up to 10 youth, each completing 20 hours of field time per week. The Summer quarter will be three weeks, with up to 10 youth, each completing 30 hours of field time per week. Part 2: The Bhutanese Community Resource Center will offer a series of bi-weekly, hands-on, two-hour workshops throughout the summer in multiple parks in Tukwila. Youth will learn about current threats the environment faces like plastics, litter, climate change, and global warming and ways to help the environment by learning about forest ecology, native and invasive plants, nurturing established forests, and living healthy. These youth have been historically isolated from these types of activities due to culture, transportation, and language barriers. Many of the Bhutanese youth live in small apartments with multiple family members, and they spend countless hours plugged into technology and watching television. Offering an outdoor training program will bring awareness to the local environment, expand their social network while giving them job skills and physical activity. Through this project, the Bhutanese Community Resource Center would like to provide culturally appropriate fresh produce (bag) once a month to the youth and provide education around how to eat healthy and why to eat healthy. Produce will be sourced from refugee/immigrant farmers in King County. The Bhutanese Community Resource Center will take the youth on one farm visit to learn about the land, the importance of local foods, and meet immigrant/refugee farmers. YERS will be a free program for youth and marketed through Tukwila Parks and Recreation's social media platforms, flyers, non-profits, and community leaders.
