

INFORMATIONAL MEMORANDUM

TO: Transportation and Infrastructure Services Committee
FROM: Hari Ponnekanti, Public Works Director/ City Engineer
By: Henry Ancira, Facilities Superintendent
CC: Mayor Allan Ekberg
DATE: August 5, 2022
SUBJECT: 303 Facilities Project: City Hall Siding Repairs Project
 Project No. 92230302
 Contract Award

Issue

Approve a contract with Pacific Exteriors LLC to repair siding on the south side of City Hall and paint new siding to match existing exterior color.

Background

City Hall was built in 1977 and has the original siding. The southern exposed side of the building has several areas where the siding is rotted and exposing the structure to further damage. Replacing the siding in these trouble spots will protect and preserve the building and provide a positive aesthetic.

Analysis

Bids for the City Hall Siding Project were received by three contractors. The bids were checked, tabulated, and no errors were found. The lowest bid was received from Pacific Exteriors LLC.

Financial Impact

The lowest bid was from Pacific Exteriors LLC, with a cost estimate of \$103,087.50, plus tax of \$10,411.84, for a contract total of \$113,499.34. This project has budget allocated in the 2021-2026 CIP but is not enough to cover the cost. The 303 Fund has a sufficient balance to cover the overage.

	<u>Cost Estimate</u>	<u>Fund Source</u>	
Pacific Exteriors Contract	\$103,087.50	Project Budget	\$100,000.00
Sales Tax (10.2%)	10,411.84	303 Fund Balance	<u>\$13,500.00</u>
Total	\$113,499.34		\$113,500.00

Recommendation

Council is being asked to approve the contract with Pacific Exteriors LLC in the amount of \$113,499.34 and consider this item on the Consent Agenda at the August 15th Regular Meeting.

It is further specifically and expressly understood that the indemnification provided herein constitutes the Contractor's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purposes of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Agreement.

7. **Insurance.** The Contractor shall procure and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the Contractor, their agents, representatives, employees or subcontractors. A. **Minimum Scope of Insurance.** Contractor shall obtain insurance of the types and with the limits described below:

1. Automobile Liability insurance with a minimum combined single limit for bodily injury and property damage of \$1,000,000 per accident. C. **Other Insurance Provision.** The Contractor's Automobile Liability and Commercial General Liability insurance policies are to contain, or be endorsed to contain that they shall be primary insurance with respect to the City. Any insurance, self-insurance, or insurance pool coverage maintained by the City shall be excess of the Contractor's insurance and shall not contribute with it.

Failure to provide products on schedule may result in contract termination. If the Contractor's insurance coverage is canceled for any reason, the City shall have the right to terminate this Agreement immediately.

11. Discrimination Prohibited. The Consultant, with regard to the work performed by it under this Agreement, will not discriminate on the grounds of race, religion, creed, color, national origin, age, veteran status, sex, sexual orientation, gender identity, marital status, political affiliation, the presence of any disability, or any other protected class status under state or federal law, in the selection and retention of employees or procurement of materials or supplies.

12. Assignment and Subcontract. The Contractor shall not assign or subcontract any portion of the services contemplated by this Agreement without the written consent of the City.

13. Entire Agreement; Modification. This Agreement, together with attachments or addenda, represents the entire and integrated Agreement between the City and the Contractor and supersedes all prior negotiations, representations, or agreements written or oral. No amendment or modification of this Agreement shall be of any force or effect unless it is in writing and signed by the parties.

14. Severability and Survival. If any term, condition or provision of this Agreement is declared void or unenforceable or limited in its application or effect, such event shall not affect any other provisions hereof and all other provisions shall remain fully enforceable. The provisions of this Agreement, which by their sense and context are reasonably intended to survive the completion, expiration or cancellation of this Agreement, shall survive termination of this Agreement.

This agreement may not be changed or its terms modified or varied in any way unless such changes are in writing and signed by both Buyer(s) and Contractor. Buyer(s) hereby acknowledges that Buyer(s) have read the entire agreement including the terms and conditions.

TERMS AND CONDITIONS:

- 1)Checks. All checks shall be made payable to Pacific Exteriors LLC.
- 2)Delay/Unknown Conditions: Contractor's failure to perform any term or condition of this Agreement as a result of conditions beyond its control such as, but not limited to, strikes, fires, floods, acts of God, material shortages, Buyer's inability to qualify for or obtain financing, delays by local government authorities in issuing or otherwise approving inspections, permitting, or other required authorizations do not constitute abandonment and are not included in calculating time frames for performance by Contractor. Contractor and Buyer(s) have determined that a definite completion date is not of the essence to this Agreement.
- 3)Late Cancellation/Late Payment/Default: If Buyer(s) attempts to cancel or repudiate this Agreement after midnight of the third business day after the date of this Agreement, and Contractor accepts such cancellation, which shall be in Contractor's sole discretion based on economic factors including, but not limited to, the status of Buyer's ordered product, all work under this Agreement will be stopped as promptly as is reasonably possible and Buyer(s) agrees to pay Contractor for any special order material purchased, construction labor expended, and a cancellation fee equal to 15% of this Agreement's purchase price to offset Contractor's incurred administrative labor, and miscellaneous administrative costs. Buyer(s) agrees to pay a late fee of 1.5% per month on all amounts due and owing from Buyer(s) to Contractor accruing from the date due and running to the date the payment is made. If Buyer(s) is in default of this Agreement, Buyer(s) agrees to pay Contractor's attorney's fees or as otherwise allowed by applicable law. Buyer(s) also agrees to pay any other costs or expenses of repossession or collection as allowed by applicable law.
- 4)Contractor's Right to Cancel: In the event that Contractor determines that this Agreement cannot be performed as intended by the parties due, for example, to incorrect pricing, unforeseen structural defects, or pre-existing conditions to Buyer's property, Contractor may cancel this Agreement within thirty (30) days of its execution, notify Buyer(s) of such cancellation in writing, and return all monies paid by Buyer(s).
- 5)No Set-Offs or Retentions: Upon substantial completion of Contractor's work under this Agreement, Buyer(s) shall pay to the contractor, all amounts due under this Agreement without any right of set-off or retention. Substantial completion is defined as the job being materially completed, functional as intended. If after paying all amounts due under this Agreement, Buyer(s) alleges that Contractor's work is defective in any respect, Contractor, without waiving any of its rights, shall cause an inspection of the work and perform any remedial work to the extent the Buyer(s) is entitled to under this Agreement or Contractor's warranty at no cost to Buyer(s).
- 6)Buyer's Representations: Buyer(s) represents and warrants that (a) Buyer(s) owns the premises where the products and/or services are being provided by Contractor; (b) Buyer(s) will provide Contractor with reasonable access to the premises, including access to electrical outlets as may be required by Contractor; (c) Buyer(s) shall be responsible for the preparation, moving, and reinstalling of all wiring, water lines, power lines, plumbing, and the moving of any shrubs, plants, or other items as required by Contractor under this Agreement; and (d) Buyer(s) acknowledge(s) that any excess material not used by Contractor shall remain the property of Contractor and will not be considered part of this Agreement.
- 7)Contractor's Responsibility: Contractor accepts no responsibility for any damage resulting from structural or other defects in the property at which work is performed under this Agreement. Contractor is not responsible for remedying structural defects in Buyer's property. Buyer(s) acknowledges that Contractor's products do not correct or cure structural problems. Contractor shall not be responsible for (a) any damages arising in whole or in part from strikes, fires, accidents, floods, governmental actions, or any other causes beyond control of Contractor; (b) any incidental or consequential damages including, without limitation, lost profits or reduction in value of Buyer's property arising from Contractor's delay in performing under this Agreement or due to Contractor's breach of this Agreement; and (c) unintentional damage to flooring, window treatments, landscaping, driveways, sidewalks, gas lines, electrical wiring, plumbing, telephone installations, collateral or incidental damage to interior walls and personal property, it being understood that Buyer(s) is responsible at Buyer's cost for all preparations, protection, and/or moving of such items prior to Contractor's commencement of work. Contractor intends to use subcontractors on all or a portion of the work.
- 8)Product-Specific Terms: Depending on the product(s) and/or services purchased by Buyer(s), certain product-specific terms may apply. If applicable, these product-specific terms will be contained on the accompanying specification sheet(s). Buyer(s) acknowledges that these product-specific terms are a part of these Additional Terms and Conditions.
- 9)Condensation, Mold and Related Matters: Condensation, which can form on or within walls or other surfaces (such as between windowpanes), results from pre-existing conditions in a home and internal or external temperatures. Condensation is not a product or workmanship defect. Reducing the humidity in a home will often remedy any condensation problems. Buyer(s) agrees to indemnify and hold Contractor and its employees, agents, and subcontractors harmless from any claims as to the identification, detection, abatement, encapsulation, or removal of mold, asbestos, lead-based products, or other hazardous substances inside or outside of the property at which work is performed. Contractor does not provide mold testing or remediation services.
- 10)Miscellaneous: No waiver of any breach of this Agreement shall be construed as a waiver of any prior, concurrent, or subsequent breach hereof. The section headings contained in this Agreement are inserted for convenience only and shall not affect in any way the meaning or interpretation of this Agreement. In construing this Agreement, the gender and number of words used may be changed to meet the context. Both Buyer(s) and Contractor agree that this entire Agreement constitutes the entire understanding between them, and that there are no verbal understandings changing or modifying any of the terms and conditions of this Agreement. No alteration to or deviation from this Agreement will be valid without the signed, written consent of both Buyer(s) and Contractor. This Agreement shall be governed by and construed in accordance with the laws of the state in which it is performed, except as may be preempted by federal law. Any part of this Agreement contrary to the law of this state shall not invalidate other parts of this Agreement. If a provision of this Agreement is held to be invalid or unenforceable, this Agreement shall continue in full force and effect and shall be construed as if the invalid or unenforceable provision was omitted.
- 11)Assignment: Buyer(s) agrees that Contractor can assign any of Contractor's rights under this Agreement without Buyer's consent and that the person to whom Contractor assigns this Agreement shall be entitled to all of Contractor's rights under this Agreement. Buyer(s) understands that Buyer's rights will not be affected by such assignment. Neither this Agreement nor any rights or benefits hereunder are assignable by Buyer(s) without the prior written consent of Contractor. Any such prohibited assignment shall be null and void.
- 12)Arbitration of Disputes: Contractor and Buyer(s) agree that any and all disputes, claims, or controversies (hereafter referred to as a "Claim") arising under or relating to this Agreement and any related documents, loans, security instruments, accounts, or notes, including by way of example and not as a limitation: (i) the relationships resulting from this Agreement and the transactions arising as a result thereof; (ii) the terms of this Agreement; or (iii) the validity of this Agreement or the validity or enforceability of this arbitration provision may, at the election of either party, be subject to binding arbitration to be determined by one arbitrator, in accordance with and pursuant to the then prevailing Consumer Arbitration Rules of the American Arbitration Association ("AAA"), to be held and arbitrated in King County, Washington. Buyer(s) agrees that Buyer(s) will not assert a Claim on behalf of, or as a member of, any group or class. The findings of the arbitrator shall be final and binding on all parties to this Agreement. Each party shall be responsible for its own fees and costs, unless otherwise determined by the arbitrator. This agreement to arbitrate, and any award, finding, or verdict of or from the arbitration, will be specifically enforceable under the prevailing law of any court having jurisdiction. The party asserting a Claim shall file a notice of the demand for arbitration with the other party to this Agreement and with AAA. The demand for arbitration shall be made within a reasonable time after the Claim in question has arisen, and in no event shall any such demand be made after the date when institution of legal or equitable proceedings based on such Claim would be barred by the applicable statute of limitations. Any arbitration proceeding brought under this Agreement, and any award, finding, or verdict of or from such proceeding shall remain confidential between the parties and shall not be made public.
Both Contractor and Buyer(s) are hereby potentially agreeing to choose arbitration, rather than litigation or some other means of dispute resolution, to address any grievances or alleged grievances. The parties believe this may allow for a faster and more cost-effective method of addressing a Claim. By entering into this Agreement and this arbitration provision, both parties may be potentially giving up their constitutional right to have any dispute decided in a court of law before a jury, and instead are potentially accepting the use of arbitration.
