TO: **Transportation and Infrastructure Services Committee**
FROM: **Hari Ponnekanti, Public Works Director / City Engineer**
BY: **Cyndy Knighton, Senior Program Manager**
CC: **Mayor Allan Ekberg**
DATE: **June 2, 2023**
SUBJECT: **Resolution for Six-Year Transportation Improvement Program (2024 - 2029)**

ISSUE

Approve a Resolution adopting the annual update of the Six-Year Transportation Improvement Program for 2024 - 2029.

BACKGROUND

The Transportation Improvement Program (TIP) is updated annually as required by the Revised Code of Washington (RCW). The TIP is adopted by resolution after a public hearing at the local agency level and incorporated into regional and state TIPs. The TIP is primarily a financial planning document for projects competing for grants. Any project submitted for federal grant funding must be included in the local, regional, and state adopted TIPs. The TIP is a rolling plan showing various funding sources: grants, developer, and local funds. Projects "roll" as funds or stages occur (design report, final design, and construction).

Tukwila's TIP and Capital Improvement Program (CIP) lists many of the same transportation-related projects. The TIP generally lists only those transportation-related projects planned within the next six years that are deemed regionally significant or that have grant funding awarded or expected. The TIP is scheduled for adoption on June 26, 2023.

ANALYSIS

The attached spreadsheet is the "Draft" 2024 - 2029 TIP and was created by modifying the 2023 - 2028 TIP to add or remove projects and adjust project costs. No prioritization was assigned, and the list of projects is presented in alphabetical order. Prioritization of projects is reflected in the current CIP. Two projects have been removed. One is anticipated to be completed this year and the other has moved to "Beyond" years in the CIP. Three projects were added as they have been moved forward from the "Beyond" years in the CIP.

RECOMMENDATION

Council is being asked to approve the Resolution for the 2024 - 2029 Six-Year Transportation Improvement Program and consider this item at a Public Hearing at the June 12, 2023 Committee of the Whole and subsequent June 26, 2023 Special Meeting.

00		<p>Keeping South King County Moving with TDM</p> <p>South King County</p> <p>Various to Various</p> <p>This project will help people access sustainable transportation options that reduce drive-alone travel and traffic congestion in South King County. TDM programming and services will be provided to residents, workers, visitors, employers, property managers, and students in Tukwila and the partnering jurisdictions of Burien, Des Moines, Kent, Renton, and SeaTac. The program will target those willing and able to try sustainable modes of transportation at activity centers (community hubs, commercial areas, business parks, multifamily housing complexes, and educational institutions). Examples of activity centers include the Tukwila International Boulevard District, Southcenter, and Sea-Tac Airport. The TDM Program will work in partnership with transit agencies, nonprofits, employers, and community organizations to reach priority populations through trusted channels.
