

## **INFORMATIONAL MEMORANDUM**

**TO:** Planning and Economic Development Committee

**FROM:** Jack Pace, DCD Director

**BY:** Minnie Dhaliwal, Deputy DCD Director

**CC:** Mayor Ekberg

**DATE:** November 10, 2020

**SUBJECT:** Updated DCD and PW Permit Fees

### **ISSUE**

Should Tukwila increase its land use, Public Works and Building permit fees and hourly inspection rates to reflect increased costs to provide development review services?

### **BACKGROUND**

The City has previously adopted development permit fees on a two-year cycle. Additionally, since 2017, to offset the city's costs for processing credit card payments for permit applications the City began charging a 3% convenience fee on permit fees paid by credit card. Technology fee of 5% is collected to provide for online permitting software upgrade/maintenance and converting paper records to digital records. Further the City contracts for the hearing examiner services and these are pass through costs collected with the land use applications. Also, some permits incur additional costs for the Fire Department review (Resolution 1967 adopted fees charged by the Fire Department and those fees are in addition to the fees listed in the attached resolution).

### **DISCUSSION**

Staff is suggesting that the fees increase at 1.5% to reflect the City's labor and benefit costs. Salaries for represented employees will likely increase in 2021 and 2022 by 90% of the Seattle Consumer Price Index (CPI-W). The CPI-W was 1% for the June 2020 period and additional cost increases are anticipated with the employee benefit costs.

Additionally, staff is suggesting that hourly inspection fees and after hour inspections should be increased from approximately \$70 to \$105 per hour to recover costs associated with inspections. Also, the rate for credit card fees and technology fees should be maintained the same as the past year. The pass-through costs associated with the hearing examiner fees should also be maintained.

### **FINANCIAL IMPACT**

The proposed fee increases will keep pace with the City's costs to provide these necessary services.

### **RECOMMENDATION**

The Council is being asked to approve the fee resolution and consider this item at the November 23, 2020 Committee of the Whole meeting and subsequent December 7, 2020 Regular Meeting.

Draft Public Works, Land Use and Building/Electrical/Plumbing/Mechanical Permit Fee Resolution

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
TUKWILA, WASHINGTON, REPEALING RESOLUTION NO. 1947,  
AND ADOPTING A CONSOLIDATED PERMIT FEE SCHEDULE.**

**WHEREAS**, the City Council adopted Resolution No. 1947 in 2018, establishing the City's current consolidated construction fee schedule; and

**WHEREAS**, the City intends to update permit fees on an annual basis, with any increases tied to growth in City expenses for providing permit services; and

**WHEREAS**, the City Council wishes to recover a portion of the City's costs for review and processing of permit applications; and

**WHEREAS**, the City has adopted a biennial budget process; and

**WHEREAS**, the City's primary cost for permit processing is employee salaries and benefits; and

**WHEREAS**, the Seattle Consumer Price Index (CPI-W) was 1% for the June 2020 period; and

**WHEREAS**, the cost for employee benefits has risen by an even larger percentage; and

**WHEREAS**, increasing flat fee permits by 1.5% will enable revenues to track with City labor costs; and

**WHEREAS**, as more permit applicants are paying by credit card, and there is a surcharge on the fees paid by credit card, the City intends to pass this convenience fee through to the permit applicants;

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF TUKWILA, WASHINGTON, HEREBY RESOLVES AS FOLLOWS:**

**Section 1. Repealer.** Resolution No. 1947 is hereby repealed, effective January 1, 2021.

**Section 2.** For 2021 and 2022, the Technology Fee shall be set at 5% of the applicable permit fee.

**Section 3.** Public Works fees will be charged according to the following schedule:
