Washington

Ordinance No. ....

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF TUKWILA, WASHINGTON, ESTABLISHING A NEW CHAPTER 9.54 OF THE TUKWILA MUNICIPAL CODE (TMC) ENTITLED, "TRUCK ROUTES"; PROVIDING FOR SEVERABILITY; AND ESTABLISHING AN EFFECTIVE DATE.**

**WHEREAS**, residents of the City of Tukwila ("City") have brought forward concerns about through-hauling trucks within their neighborhoods and the associated safety and infrastructure degradation issues that arise from this activity; and

**WHEREAS**, neighborhood roadways are designated to accommodate mostly light duty and occasionally medium duty vehicles; and

**WHEREAS**, frequent use of residential roadways by heavy duty vehicles rapidly accelerates deterioration of the roadway and increases the likelihood of damage to ancillary roadway infrastructure due to insufficient room to accommodate safety turning movements; and

**WHEREAS**, RCW 46.44.080 permits municipalities to prohibit the operation of motor trucks or other vehicles or impose weight limits on use of trucks as they deem necessary to protect public roadways; and

**WHEREAS**, the City Council desires to enable commerce to flow on City roadways, in particular on roadways in the Allentown residential area, while ensuring that the roadways are protected from damage caused by heavier vehicles; and

**WHEREAS**, the City Council adopts this chapter to establish truck routes within the City that promote compatible land uses, enhance public safety, and minimize pavement maintenance and reconstruction costs.

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF TUKWILA, WASHINGTON, HEREBY ORDAINS AS FOLLOWS:**

**Section 1. TMC Chapter 9.54 Established.** Tukwila Municipal Code (TMC) Chapter 9.54, entitled “Truck Routes,” is hereby established to read as follows:

**CHAPTER 9.54  
TRUCK ROUTES**

Sections:

9.54.010	Purpose and Policy
9.54.020	Definitions
9.54.030	Trucks — Prohibited
9.54.040	Enforcement and Penalty

**Section 2. Regulations Established.** A new TMC Section 9.54.010 is hereby established to read as follows:

**9.54.010 Purpose and Policy**

A. **Purpose.** The purpose of this chapter is to establish truck routes within the city that promote compatible land uses, enhance public safety, and minimize pavement maintenance and reconstruction costs.

**B. Policy.**

1. Provide roadways that are safe for vehicles, bicyclists, and pedestrians to use;
2. Provide truck routes that follow the guidance contained in the city’s comprehensive plan transportation element (the transportation plan);
3. Provide for the transportation of heavier products on roads (truck routes) best designed to handle the additional pavement stress in order to minimize the amount of maintenance and repair costs required on those streets;
4. Restrict the gross vehicle weight of vehicles traveling on non-truck route roads except where the use of these roads is necessary to travel from the point of origin within the city to the nearest truck route, or from a truck route to a destination point within the city;
5. Limit the number of truck routes to minimize the number of streets that need more expensive pavement construction and more frequent maintenance work;
6. Protect residential neighborhoods from:
  - a. Excessive truck traffic creating greater hazards to pedestrians, bicyclists, and children;

- b. Increased congestion and noise pollution from truck traffic; and
- c. Minimize pavement potholes, raveling, rutting, or other pavement distress conditions that cause hazards to motorcyclists, bicyclists, and pedestrians;

7. Finally, it is recognized that during emergency situations, the director of public works or designee shall have the authority to further restrict loads or create detours for vehicles traveling on city road

**Section 2. Regulations Established.** A new TMC Section 9.54.020 is hereby established to read as follows:

When a destination point is not located immediately adjacent to a State highway route or a designated truck route, the vehicle operator shall access and/or depart from the destination point using the shortest and most direct City arterial route to and from the nearest State highway route or designated truck route.

(2) The operation of emergency and law enforcement vehicles.

(3) The operation of any vehicle owned or operated by the City, a public utility or any contractor or materialman, while directly engaged in the repair, maintenance or construction of streets, street improvements, or street utilities within the City.

(4) The operation of any vehicle within and pursuant to any officially established temporary detour route.

(5) The operation of any vehicle directly engaged in the disposal, collection and/or transport of waste, including but not limited to recyclable material, as a part of a regularly scheduled curbside or on-site disposal or collection service within the Tukwila City limits; provided, that this exception shall not apply to hazardous cargo or radioactive materials.

(6) The operation of passenger buses, including but not limited to mass transit vehicles and school buses.

(7) The operation of vehicles directly engaged in transporting perishable commodities or commodities necessary for the health and welfare of local residents.

**Section 4. Regulations Established.** A new TMC Section 9.54.040 is hereby established to read as follows:

**9.54.040 Enforcement—Penalty**

Violation of TMC 9.54.030 is a traffic infraction, with a monetary penalty of \$250.00 (\$250.00), including statutory assessments, provided that signage is erected in a conspicuous place at each end of any residential or collector street and the entry to any cul-de-sac, stating that trucks over 26,001 pounds gross weight, including load, are prohibited.

**Section 5. Corrections by City Clerk or Code Reviser Authorized.** Upon approval of the City Attorney, the City Clerk and the code reviser are authorized to make necessary corrections to this ordinance, including the correction of clerical errors; references to other local, state or federal laws, codes, rules, or regulations; or ordinance numbering and section/subsection numbering.

**Section 6. Severability.** If any section, subsection, paragraph, sentence, clause or phrase of this ordinance or its application to any person or situation should be held to be invalid or unconstitutional for any reason by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of the remaining portions of this ordinance or its application to any other person or situation.

**Section 7. Effective Date.** This ordinance or a summary thereof shall be published in the official newspaper of the City and shall take effect and be in full force thirty (30) days after passage and publication as provided by law.
